Sub: Unwarranted Delay in Compliance of Pending Tasks .

Ref : E.mail communications dated 09.03.2016, dated 01.04.2016, 28.04.2016 and Subsequent Telephonic Requests.

Your attention is drawn to the referred communications held with your concerned representative for streamlining various tasks pertaining to real-time monitoring of industrial pollution data through your Server system established at M.P. Pollution Control Board Bhopal. Few of the pending tasks are as follows :

1. Non receipt of real-time monitoring data of some of your client industries since last over three months.
2. Facility for generation of periodic reports and graphs.
3. Provision to access the real-time pollution monitoring data on any individual system through a dedicated URL, as provided to the CPCB, is yet awaited.
4. Provision to export the graphs and other reports into .pdf format is lacking.
5. Facility of Server data Back-up is still not streamlined.
6. Provision of Daily / Monthly SMS generation report in table and graph format is still awaited.

It is regretted to note that despite repetitive reminders the discrepancies pointed above are still unattended from your end and are pending as on date causing obstruction in routine industrial surveillance. I may seek your personal intervention and request you to direct the concerned to attend the issues and resolve the same on an early note.

Yours Faithfully,

(A.A. Mishra)
