Sub: Status of Implementation of MSIHC Rules, 1989.

The compliance of norms pertaining to Isolated Storage and Import of Hazardous Chemicals, stated under the MSIHC Rules 1989, is one of the important regulatory functions of MPPCB which addresses the concern for the safety and well being of people and the environment.

It is hoped that all the regulatory norms under the said rules are being complied in all the districts under your jurisdiction. In order to keep a track of statutory compliance, safety standards and emergency preparedness, the following information of your jurisdiction is expected for review and to plan the further strategy :

- (1) Names of industries falling under Isolated Storage Criteria as per Rule 2(i).
- (2) Names of industries carrying out activities as per Rule 2 (h) (i) and Schedule IV.
- (3) Compliance status of preparation of On-site emergency plan, as per Rule 13, by the target industries under your jurisdiction.
- (4) Status of off-site emergency plan of districts, whether prepared or not prepared, falling under your jurisdiction. Please get a copy of plan and submit to the ERC if it is already published.
- (5) List of industries importing hazardous chemicals, as per Rule 18 of MSIHC Rules 1989, under your jurisdiction.

Please ensure timely reply, not exceeding two weeks time, for review and onward action.
