No. 81 /HOPCB/ERC/2025

Bhopal, Dt: 27/05/2025

To,

**The Occupier
All the CEMS Applicable Industries
(As per the enclosed list)
Madhya Pradesh State**

Sub: Submission of CEMS Certification documents as per CPCB Guidelines.

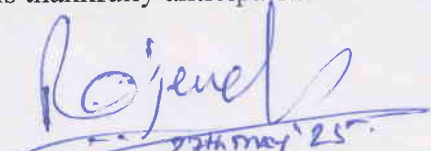

It is appreciable to note that all the target industries in the State have installed continuous emission monitoring systems (CEMS), under 'Self Monitoring of Compliance' scheme of GoI, in line with the directions issued by the Central Pollution Control Board (CPCB). The CEMS network in the State has proved to be beneficial in abating the air pollution as it helps in early detection of potential problem and enabling proactive control measures.

The quality of CEMS data is usually good but the automated mechanism of examining real-time emission data suggests a need for audit of entire network to ensure the authenticity and genuineness of data being pushed from the industry end to the Central server at ESC MPPCB. The manual analysis of data too hints at tampering and manipulation of emission data by some industries. Owing to this the MPPCB is in the process of evaluation of key components of CEMS network, including architecture of data communication, which would enable to implement a comprehensive and flawless framework in the State.

As mandated by the CPCB, the CEMS systems should comply the stipulated QAL 1 and QAL 2 norms in accordance with EN15267/ISO-17205. In view of this, as part of first step, you are requested to submit the following documents :

1. Quality Assurance Level-1 (QAL 1) certificate for CEMS device and individual analyzers installed at your plant. The certificate should be from an authorized agency, viz. NPL-India, MCERTS-UK, TUV-Germany, EPA-US. This certificate is provided to the client/user by the manufacturer of the instrument and it shows potential suitability and fitness of device for the specified work.
2. The industries that have CEMS older than five years are required to submit Quality Assurance Level-2 (QAL 2) certificate. This confirms that the CEMS device has been installed and calibrated properly for the designated purpose. The QAL 2 certification should be from an accredited laboratory or the manufacturer of the device.

A timely reply, within 15 days from the issuance of this letter, is thankfully anticipated.

(Dr. Rajendra Chaturvedi)
Scientist & I/c ESC

9/c

Endt. No. 82 /HOPCB/ERC/2025

Bhopal, Dt. 27 / 05 /2025

Copy to:-

1. Dr. Dolly Kulshreshtha, Scientist 'C' & Incharge, Air Laboratory, Central Pollution Control Board, Parivesh Bhawan, East Arjun Nagar, Delhi – 110032 for information pls.
2. The Regional Officer, M.P. Pollution Control Board, for favour of information and to verify the CEMS certification in industries under your jurisdiction.

Rajendra
