Sub: Non Compliance of Real-time Monitoring Provisions - reg.

It has been brought to my notice that despite repetitive reminders your industry has not complied with the provision of real-time monitoring facility till date nor you have provided credentials to access the real-time monitoring data of industry. This is an act of non-compliance and attracts punitive action for defying the environmental norms.

You are again requested to take appropriate steps for necessary compliance and apprise this office with progress and factual status and submit evidence in support as why action should not be initiated against the industry.

Your response should reach to this office within 10 days time from the issuance of this letter failing which punitive action may be initiated against the industry. This be considered as the last reminder.

Yours Faithfully,

(A.A. Mishra)
