Sub : Verification of 3rd Quarter Green City Index Data.

Ref. : Deptt. of Environment, GoMP letter no. 259/103/32-3, dated 09.03.2022 and subsequent letter No. 313/103/32-3, dated 17.03.2022

The Environment Department, GoMP has launched a scheme for ranking of cities based on the five criteria parameters, viz. Urban green growth, Plantation, Air Quality, Renewable energy and Green transportation, data of which is uploaded by the respective ULBs on the UADD Portal http://164.100.196.30:8090/Green/View/Green1.0/Homepage.html#.

The verification and evaluation process for 3rd Quarter data (October to December 2022) is underway. The respective Municipal Corporations have uploaded the data of their jurisdiction which is subject to field verification now. It is urged to get the data of Municipal Corporations of your jurisdiction verified and submit the report by 30.04.2023 to enable us to initiate the process of last quarter for finalization of green city ranking.

An early response in this regard is thankfully anticipated.
