**Sub: Non-compliance of IP\_Camera directions by Industries.**

In order to have effective real-time remote surveillance of industries, and also to avoid undue human interference in the industrial operations, 17 categories of industries and Red category industries have been asked to install IP-Cameras at strategic locations in their industry premises.

It has been noticed that some industries under your jurisdiction have not installed IP-Camera till date. List of such defaulter units is available on website and the same can be referred at URL <http://www.erc.mp.gov.in/ESC/DefaulterIPCameraUnits.aspx>. Please take an immediate note of this gap and pursue the defaulter industries for installation of IP-Camera of prescribed specifications and ensure that access of the same is provided to the Environment Surveillance Centre (ESC).

In addition to above you are also requested to provide the list of the left-over industries, if any, falling under your jurisdiction that are required to install surveillance camera systems for the stated purpose, in 10 days time, preferably by e.mail.

Yours Faithfully,
