M. P. Pollution Control Board,
Bhopal/Dewas/Gwalior/Indore/Jabalpur/ Mandideep/
Pithampur/Rewa/Sagar/Satna/Shahdol/Singrauli/Ujjain (M.P.)**

Sub : Compliance of Remote Calibration Facility by Industries - reg.

Ref. : 1. CPCB D.O. Letter No. C-12011/33/2017-18/Tech dated 13.04.2018.
2. This office letter No. 195/HOPCB/ERC, dated 04.07.2018

The Govt. of India has established a self-regulatory mechanism under which industries have installed real-time monitoring systems, including online continuous emission monitoring systems (OCEMS). These systems are connected with the Central Server at MPPCB for real-time transmission of monitoring data.

In this context, it is reiterated that there is need to ensure proper operation of OCEMS and see that the data being received at the Server is genuine and reliable. A periodic on-site monitoring of OCEMS needs to be performed in this regard to restrain possible tampering and manipulation of data. As mandated, the target industries must have provided remote as well as onsite calibration check facility at each gaseous OCEMS for the designated purpose.

It is hoped that all the industries under your jurisdiction have complied the provision of calibration check facility by now and a periodic check is being ensured by your office. In this regard, an industry-wise compliance status report is solicited from your end in the attached format within 15 days time for review and onward action.

Chandra Mohan Thakur (IAS)
Member Secretary
