Your immediate attention is drawn to the above referred communications, mostly with Shri M. Baladhandapani, which indicate industry's reluctance to comply with the environmental norms. It is regretted to note that despite repetitive reminders the industry has failed to comply the provisions of real-time monitoring, specially installation of IP-PTZ camera and Flow monitor and their connectivity with Central Server at Environment Surveillance Centre, Bhopal.

Taking note of above serious negligence, and wilful lapses, you are directed to attend the matter on utmost priority and send the compliance report to this office within seven days time from the issuance of this letter.
