**Sub : Commissioning of Remote Calibration Check Portal for gaseous parameters of CEMS and CAAQMS.**

Ref. : CPCB letter No. C-12011/33/2017-18/Tech, dated 13.04.2018.

With the objective of enhancing transparency and ensuring the accuracy of real-time environmental data, the MPPCB has developed and launched the 'Remote Calibration Portal' to facilitate the target industries for remote calibration of gaseous parameters for Continuous Emission Monitoring Systems (CEMS) and Continuous Ambient Air Quality Monitoring Stations (CAAQMS) installed at their premises. The CPCB, vide referred letter, has also mandated for industries to establish remote calibration facility at each gaseous OCEMS.

With the above facility in place, all the industries are now required to use this portal, <https://erc.mp.gov.in/Home/Esrc3bb31>, for hassle free process of registration and scheduling Remote Calibration check through automated system and avoid any physical communication or raise any enquiry pertaining to slot booking for Remote Calibration check of OCEMS. The portal will allow industries to register, select the preferred dates and book time slots, thereby eliminating manual scheduling conflicts and ensuring standardized calibration protocols. Copy of users' manual can be referred at <https://erc.mp.gov.in/Home/Esrc3bb31> for ready reference and for ease in functioning. This centre may be contacted through phone/e.mail/WhatsApp for any relevant technical support.
