

Annual Average Concentration of PM₁₀ (Year-2025)

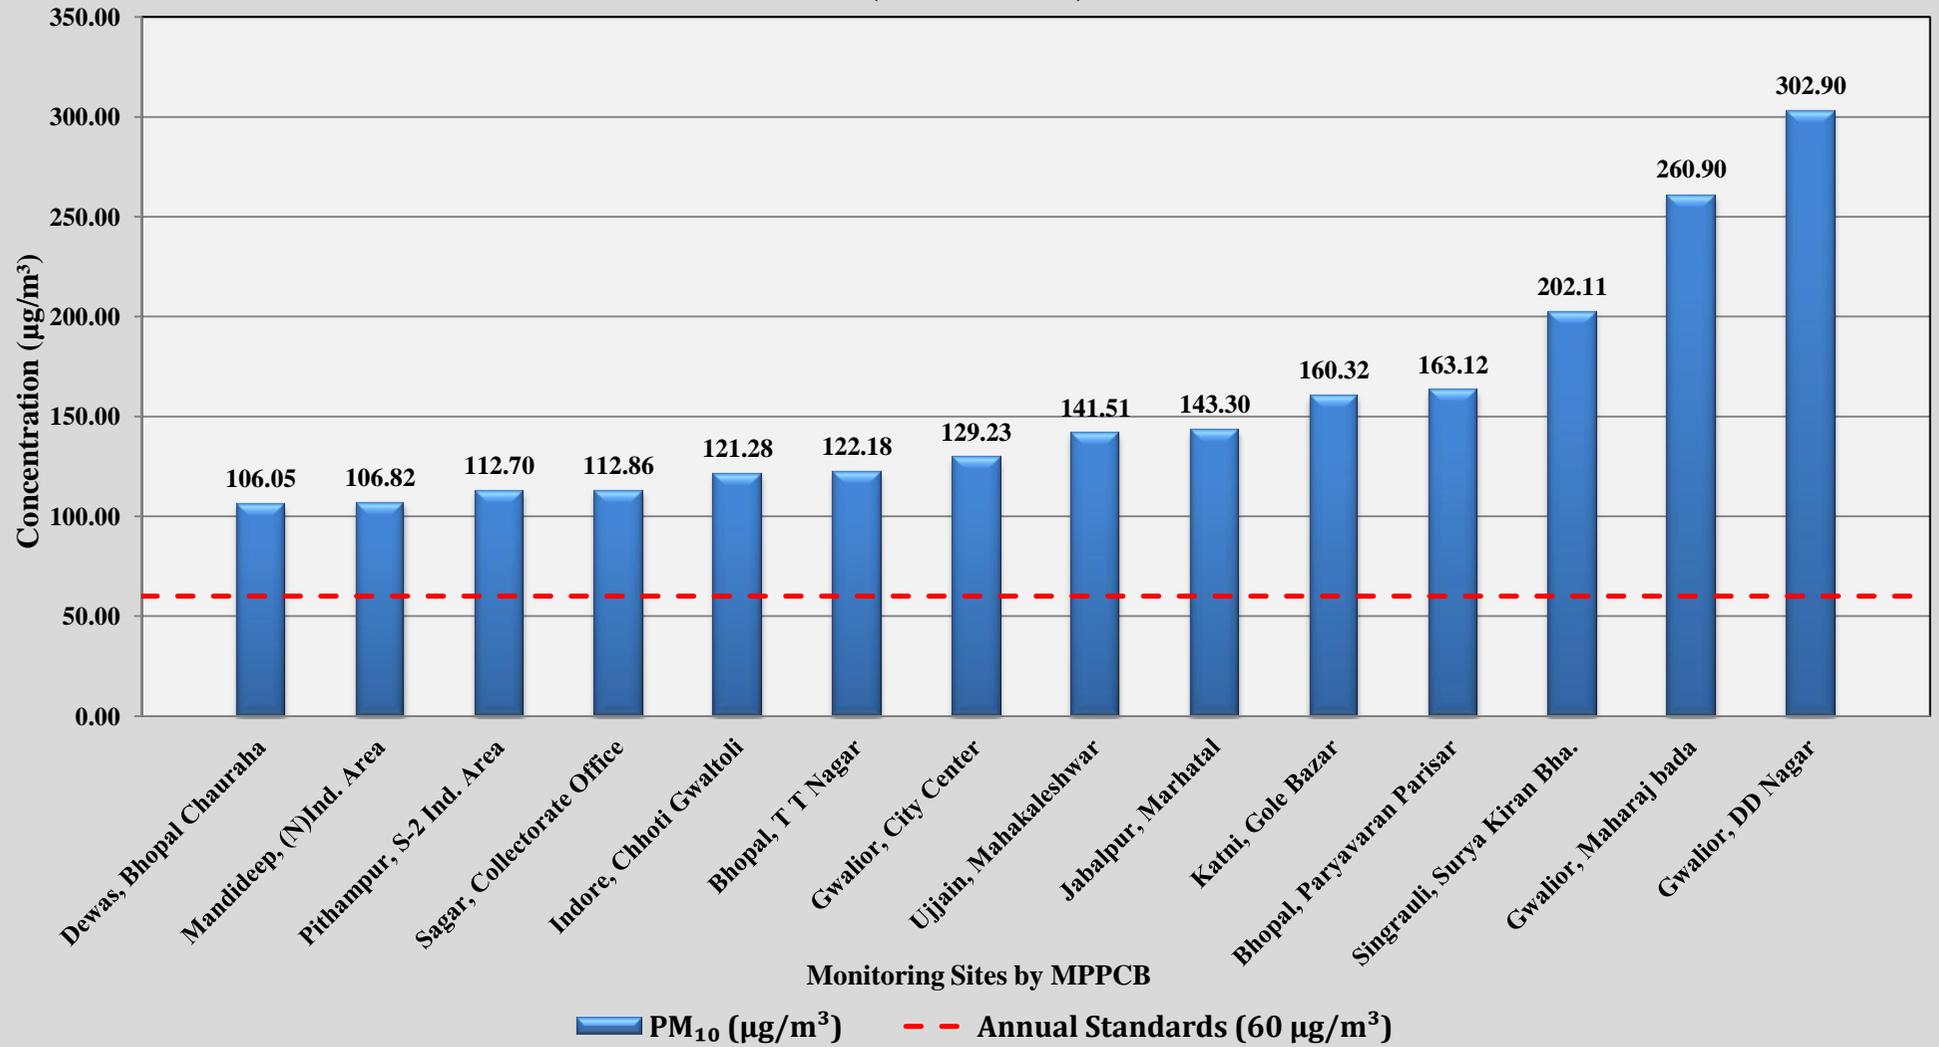

Annual Average Concentration of PM₁₀ (Year-2024)

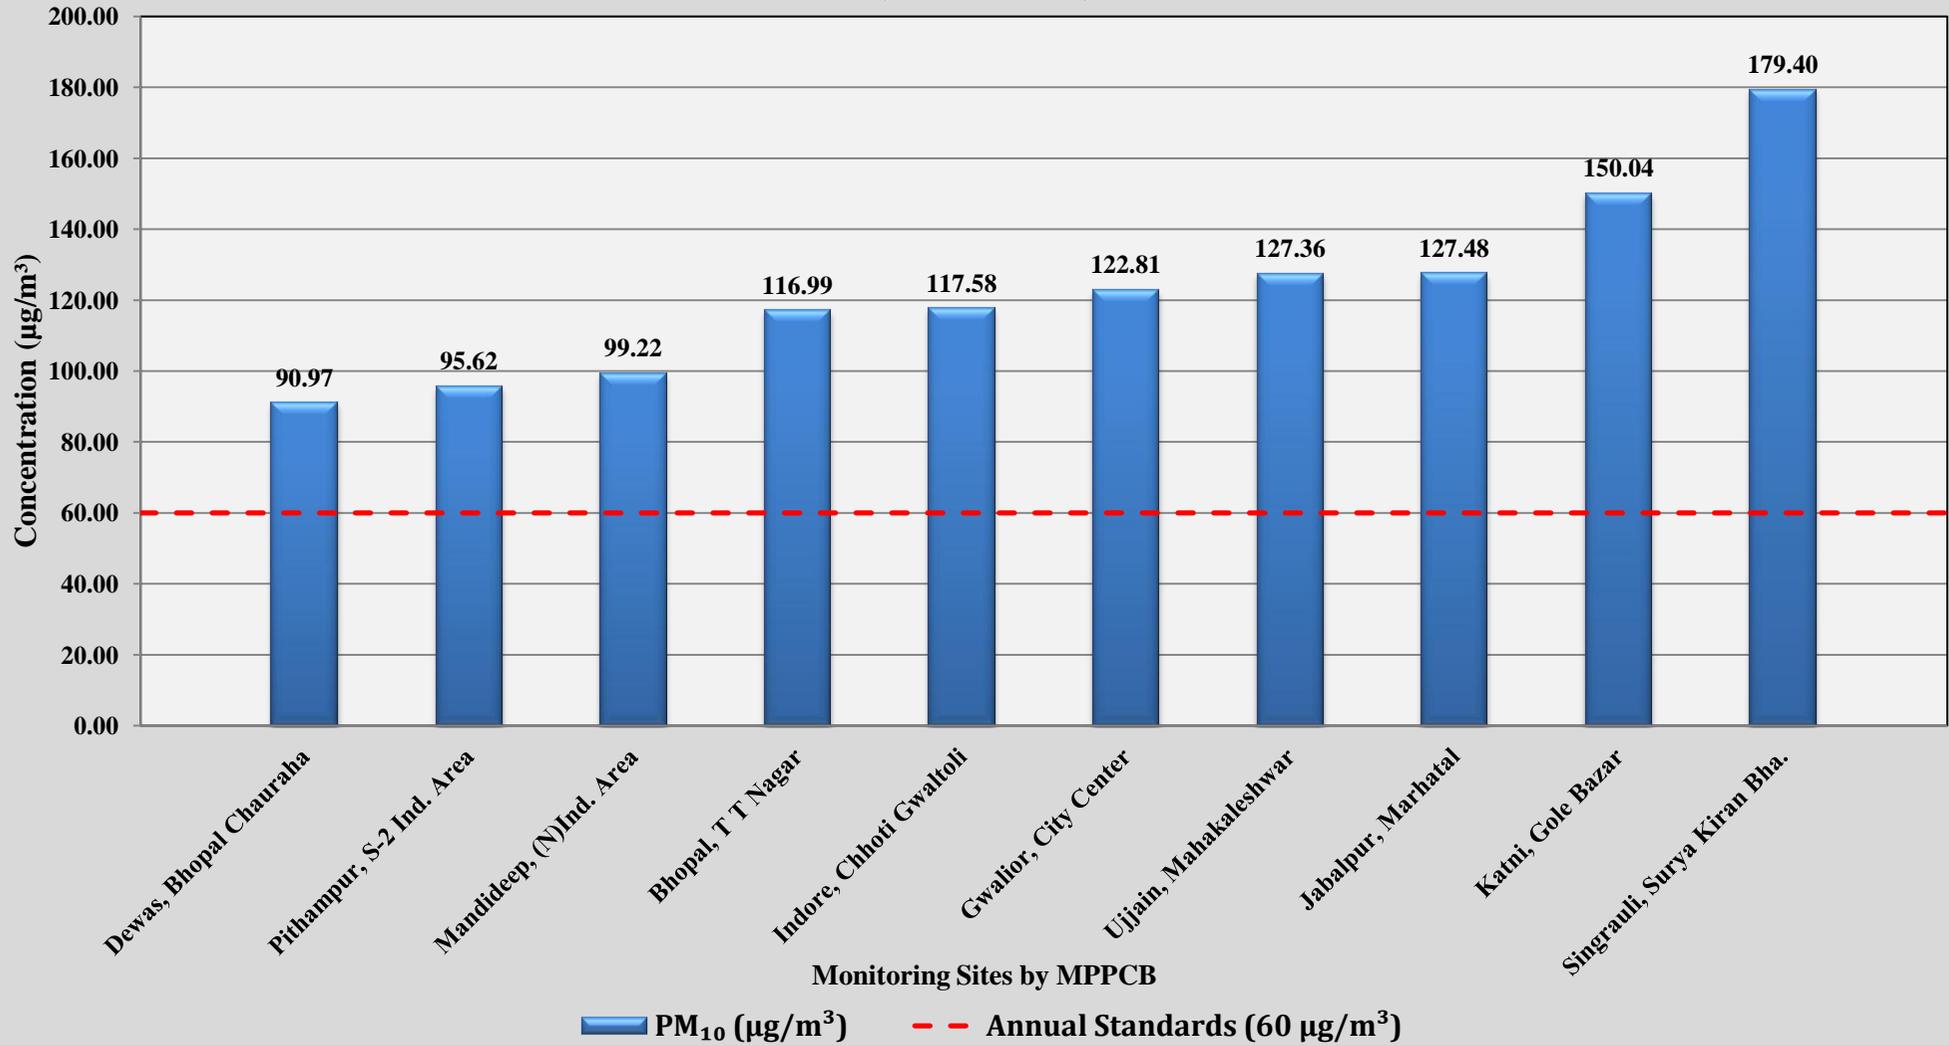

Annual Average Concentration of PM₁₀ (Year-2023)

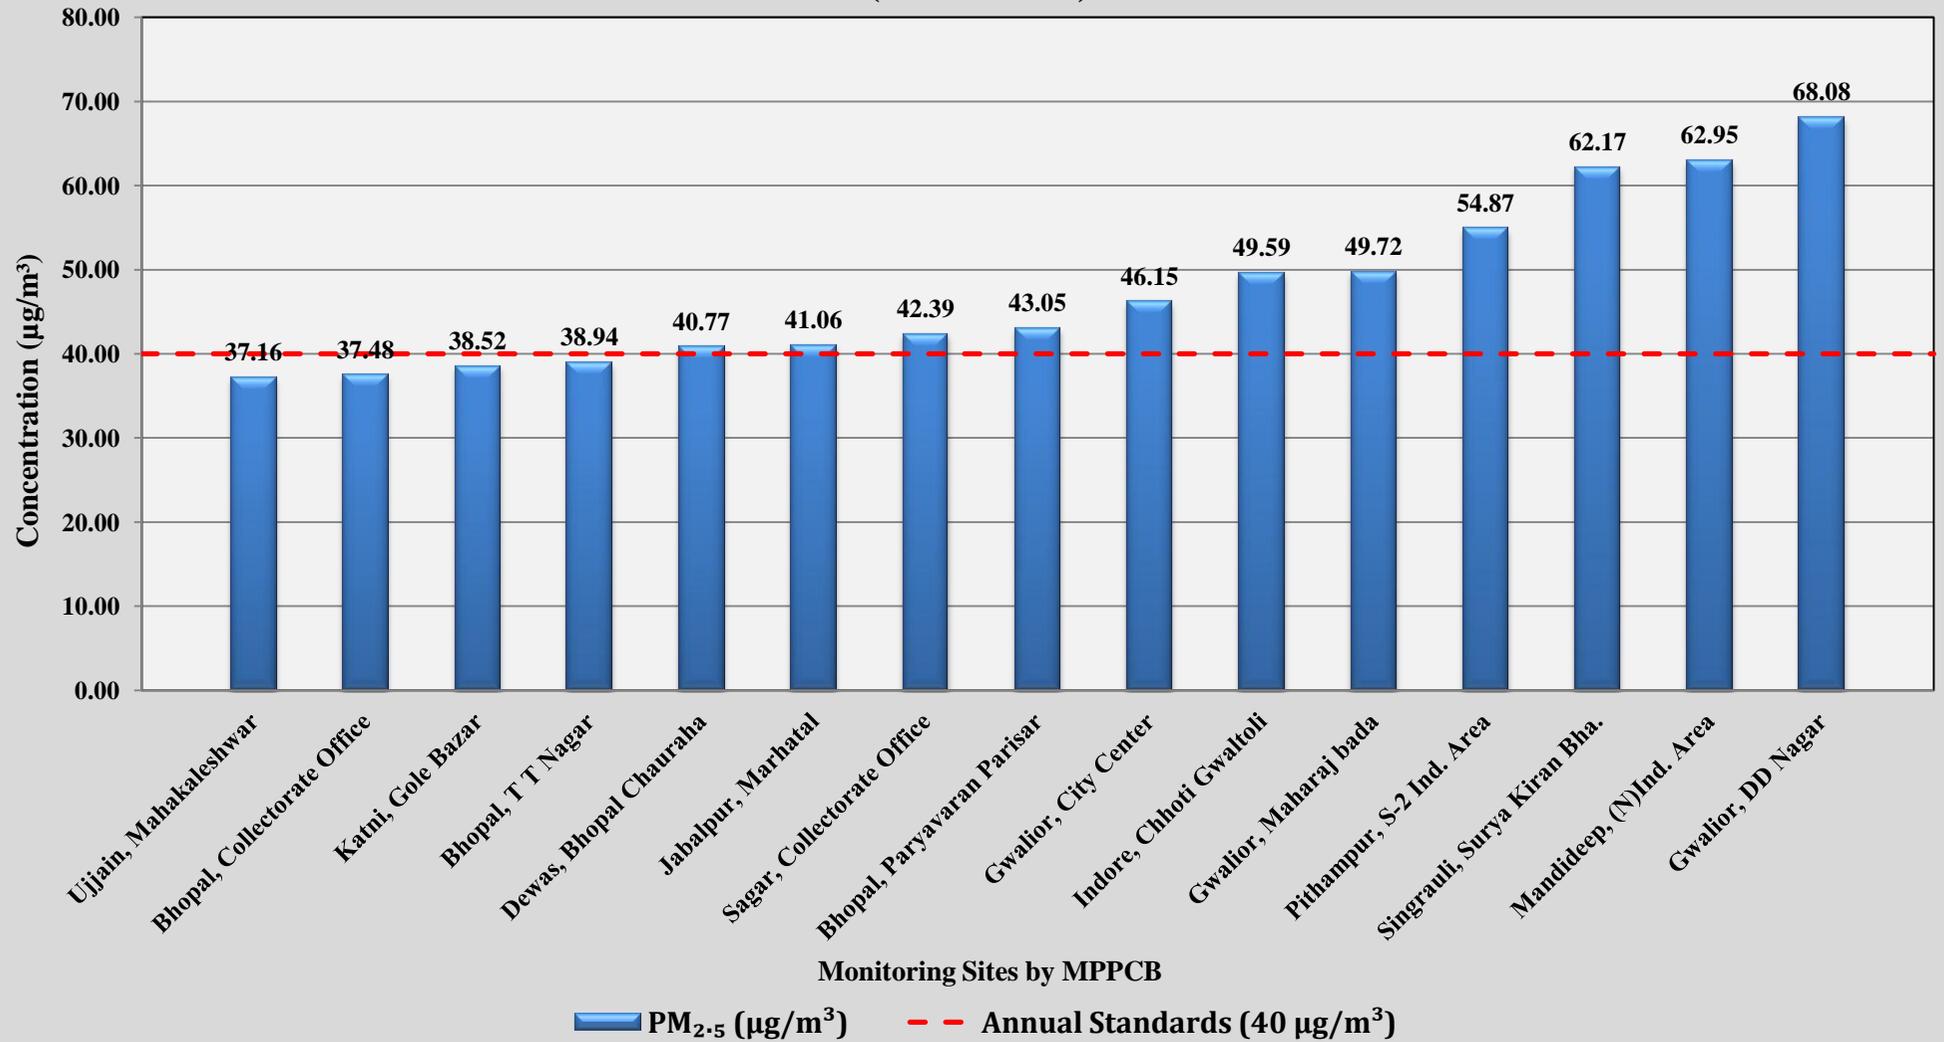

Annual Average Concentration of PM₁₀ (Year-2022)

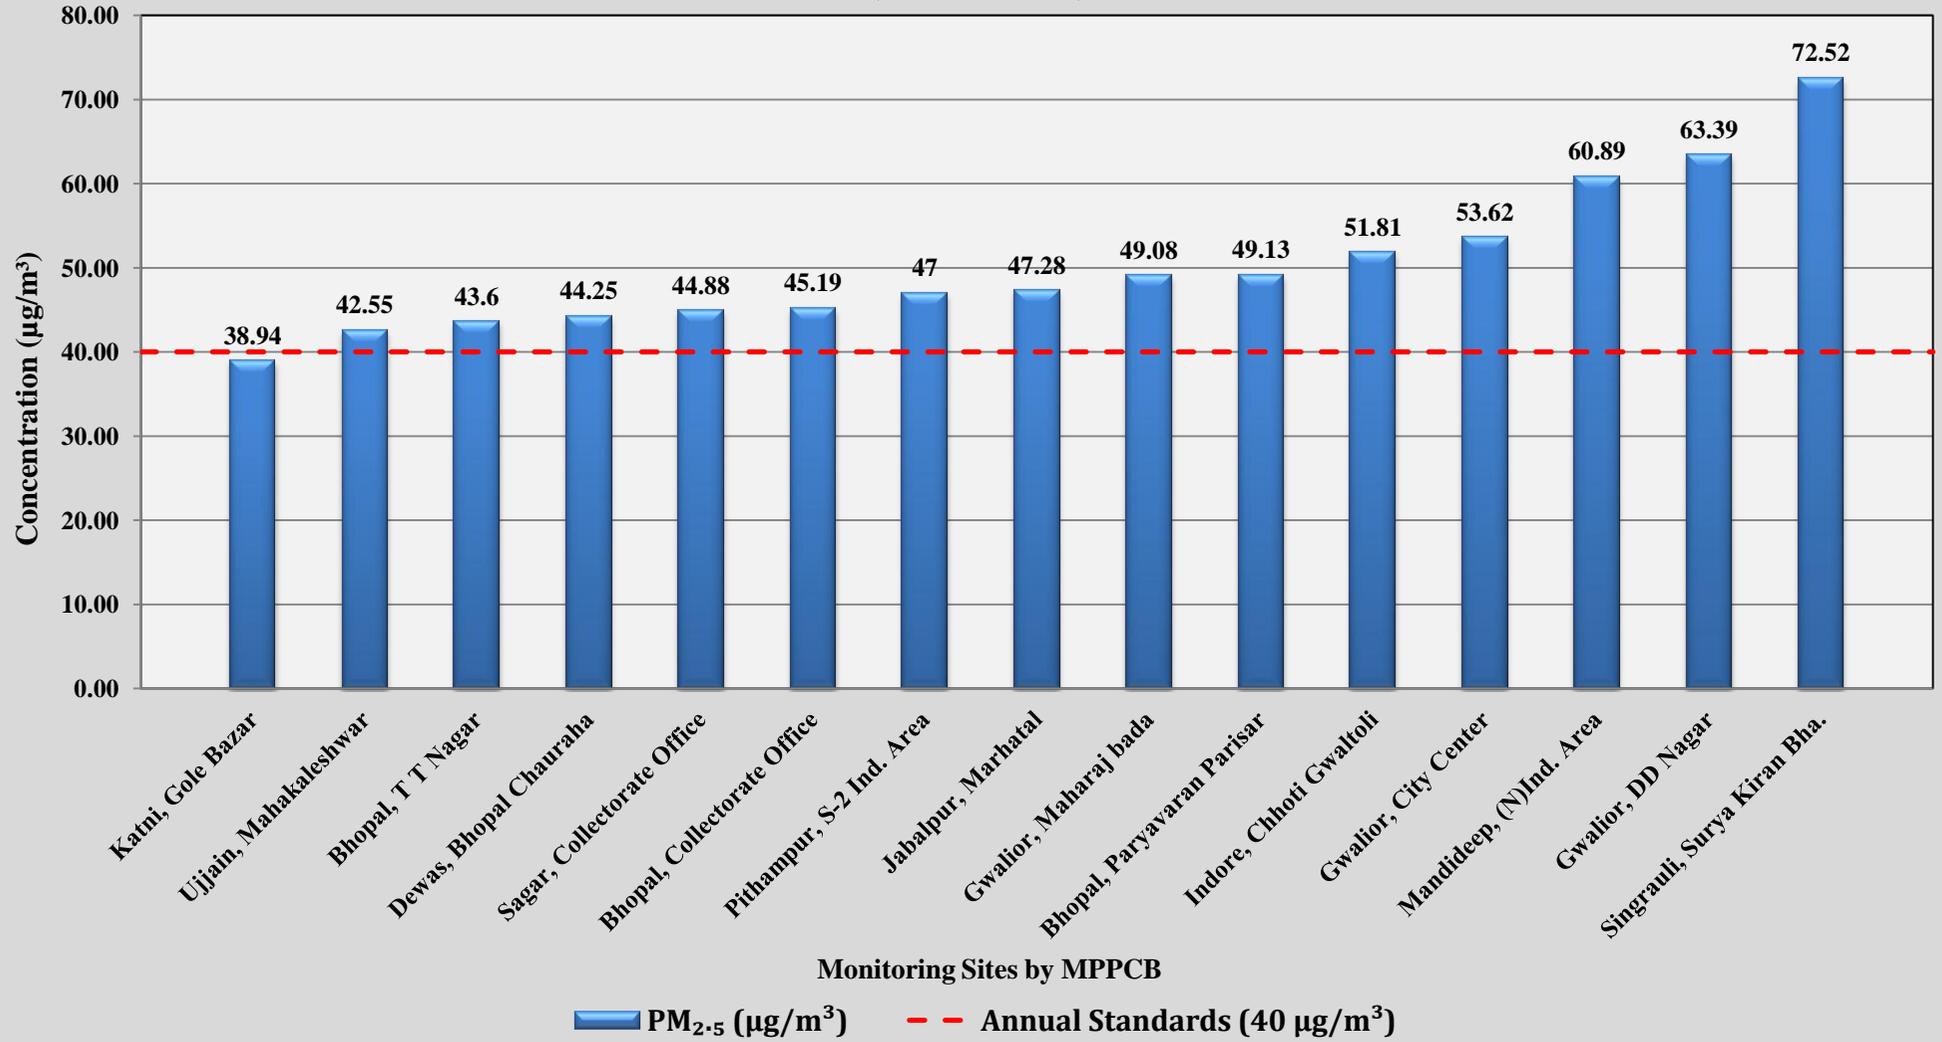

Annual Average Concentration of PM₁₀ (Year-2021)

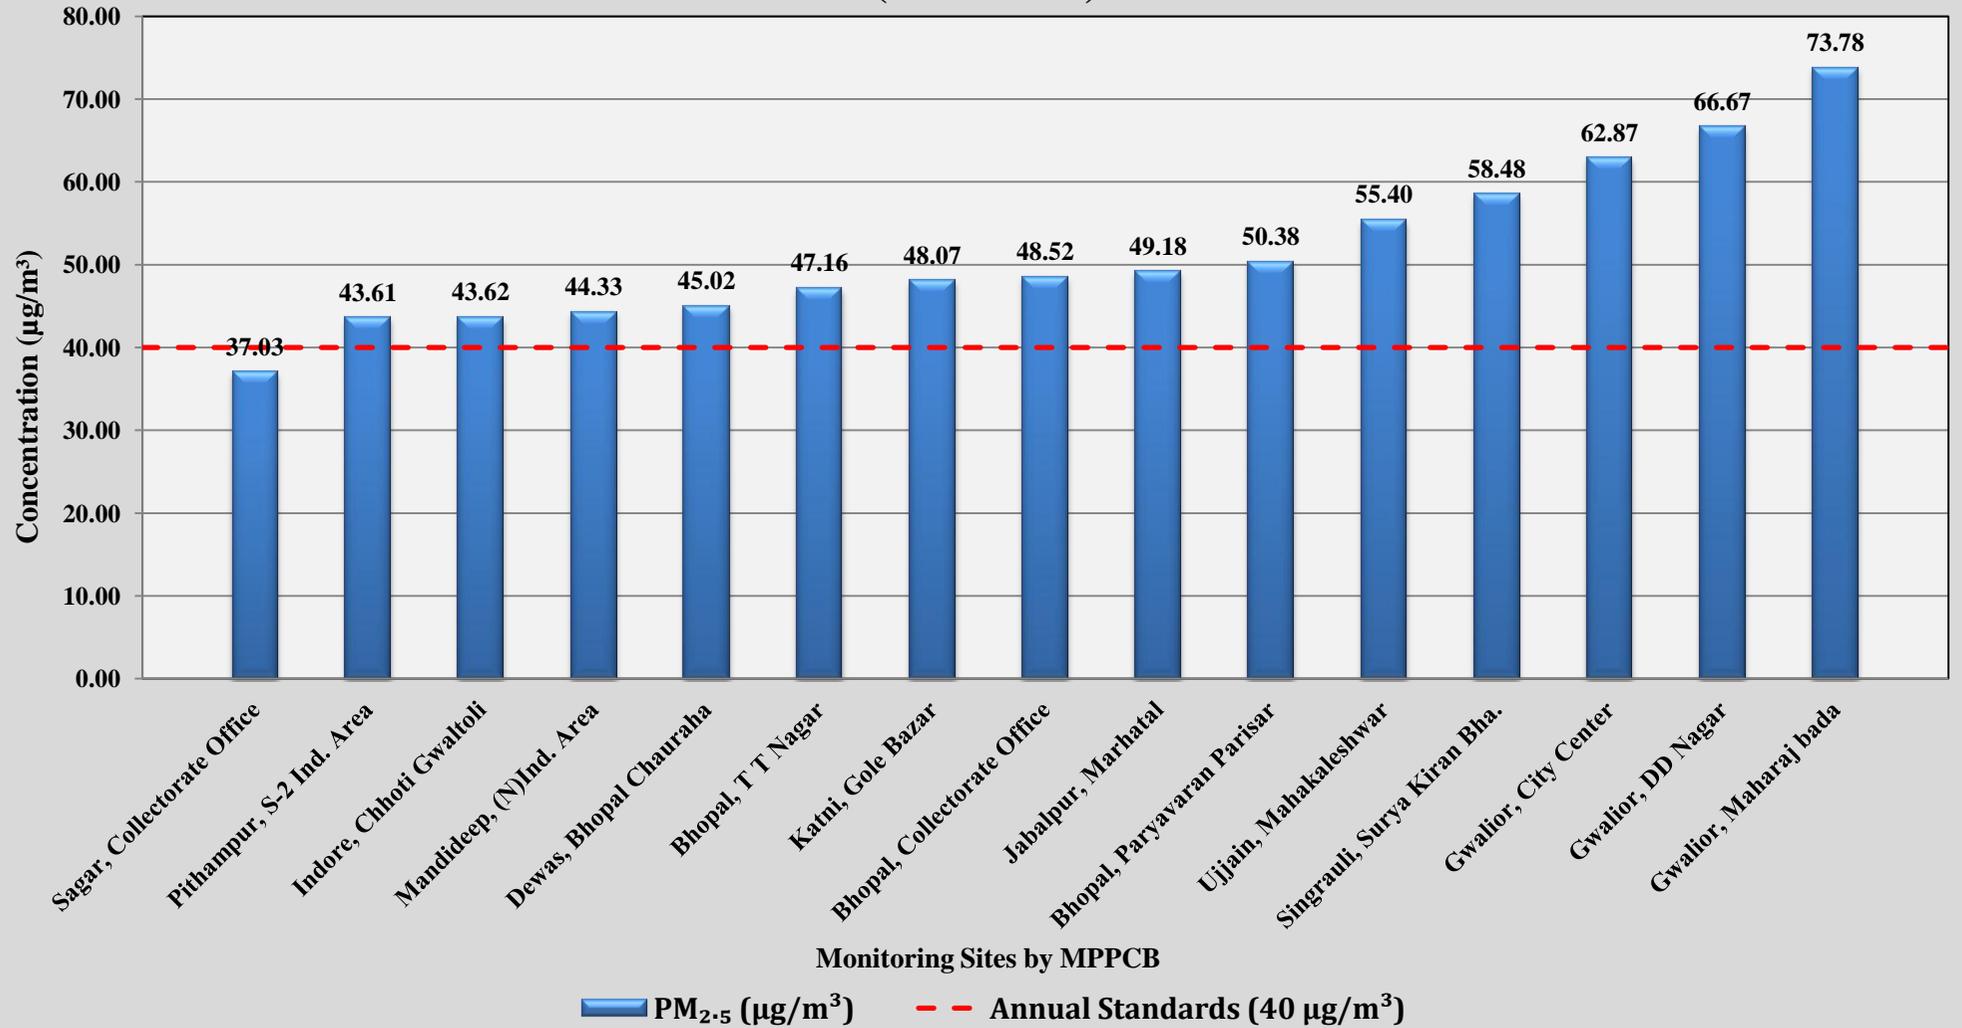

Annual Average Concentration of PM_{2.5} (Year-2025)

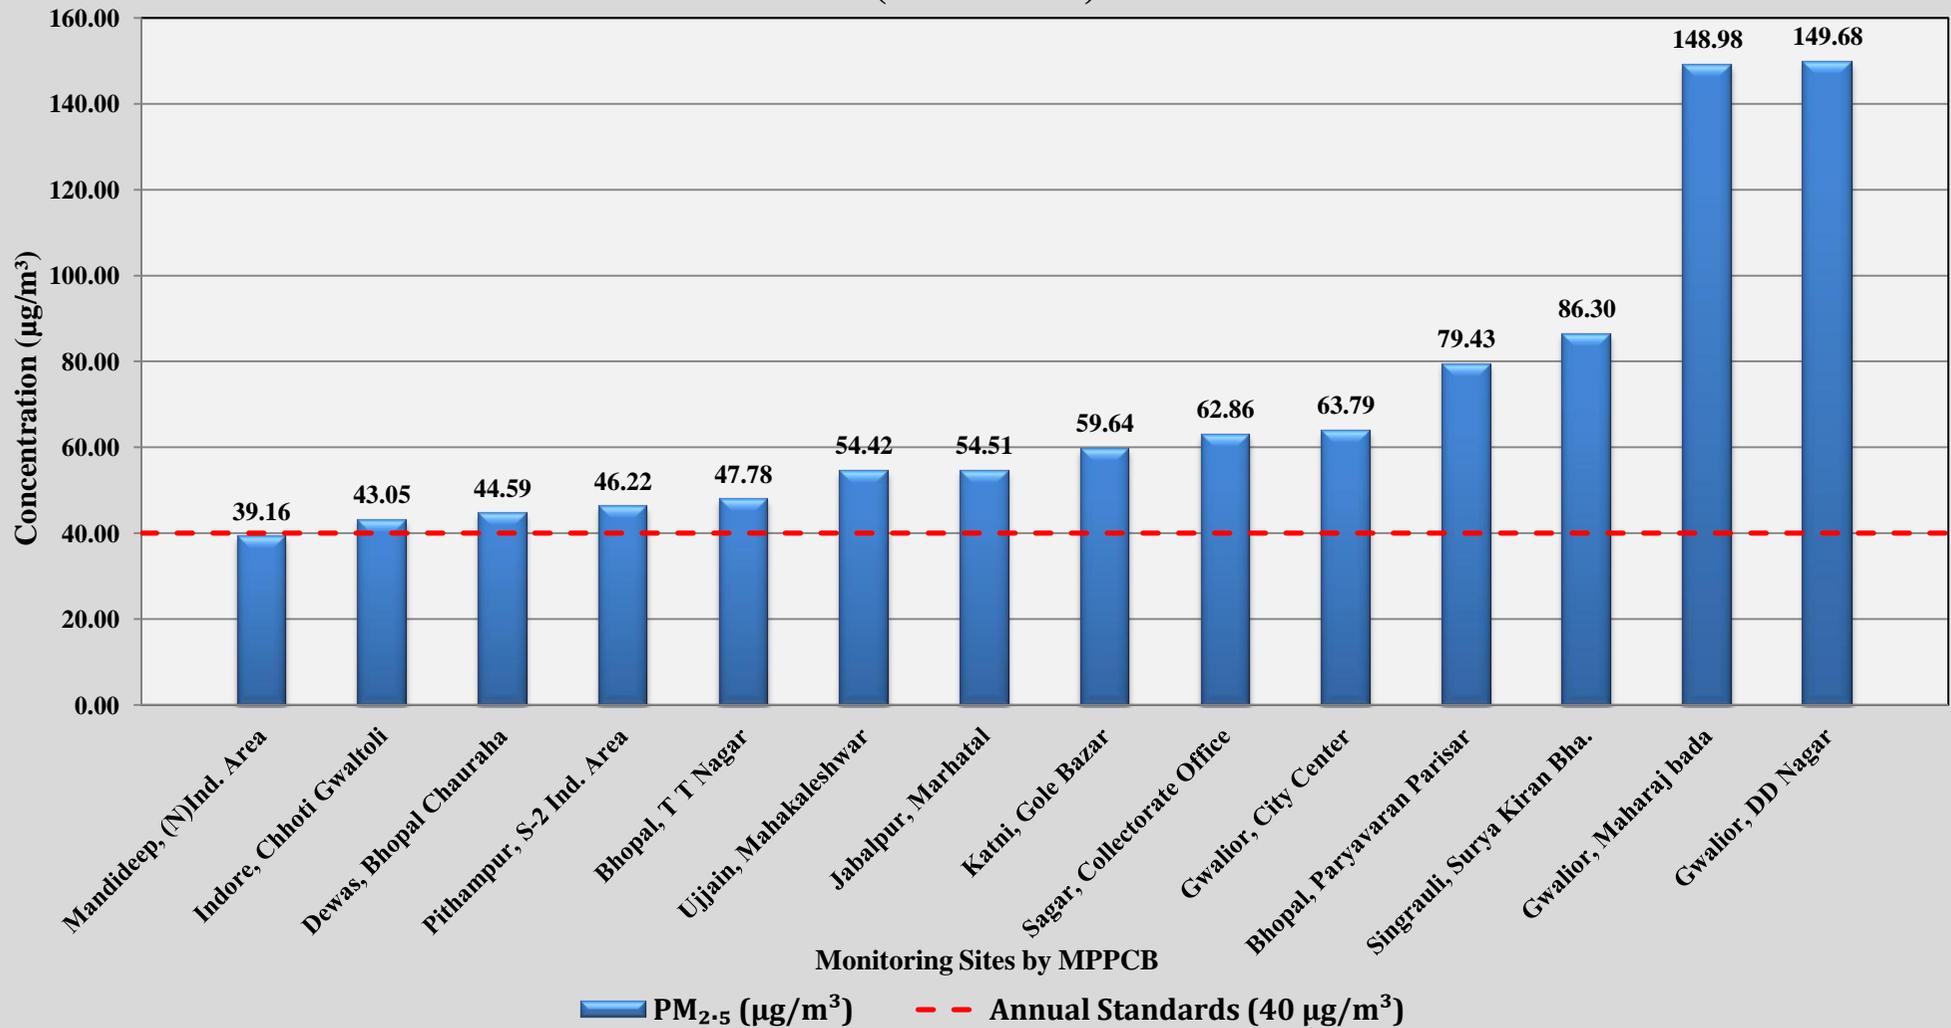

Annual Average Concentration of PM_{2.5} (Year-2024)

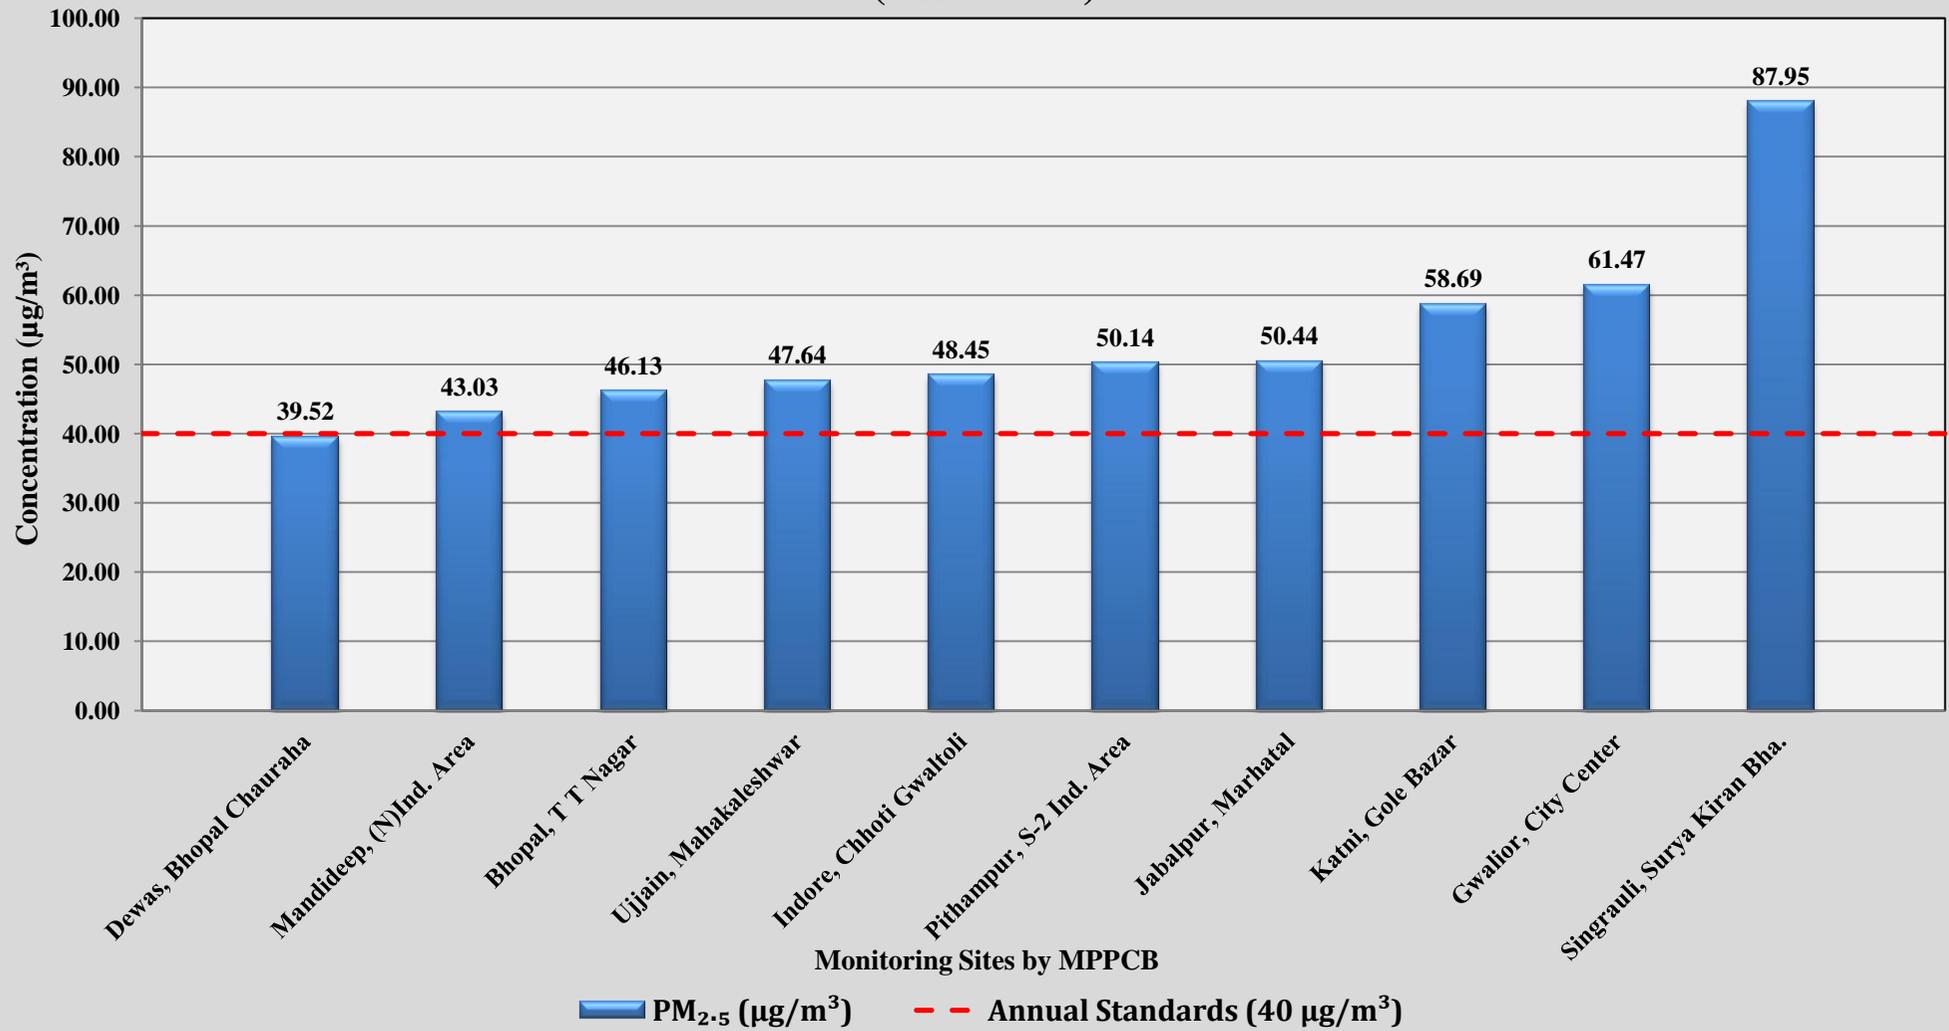

Annual Average Concentration of PM_{2.5} (Year-2023)

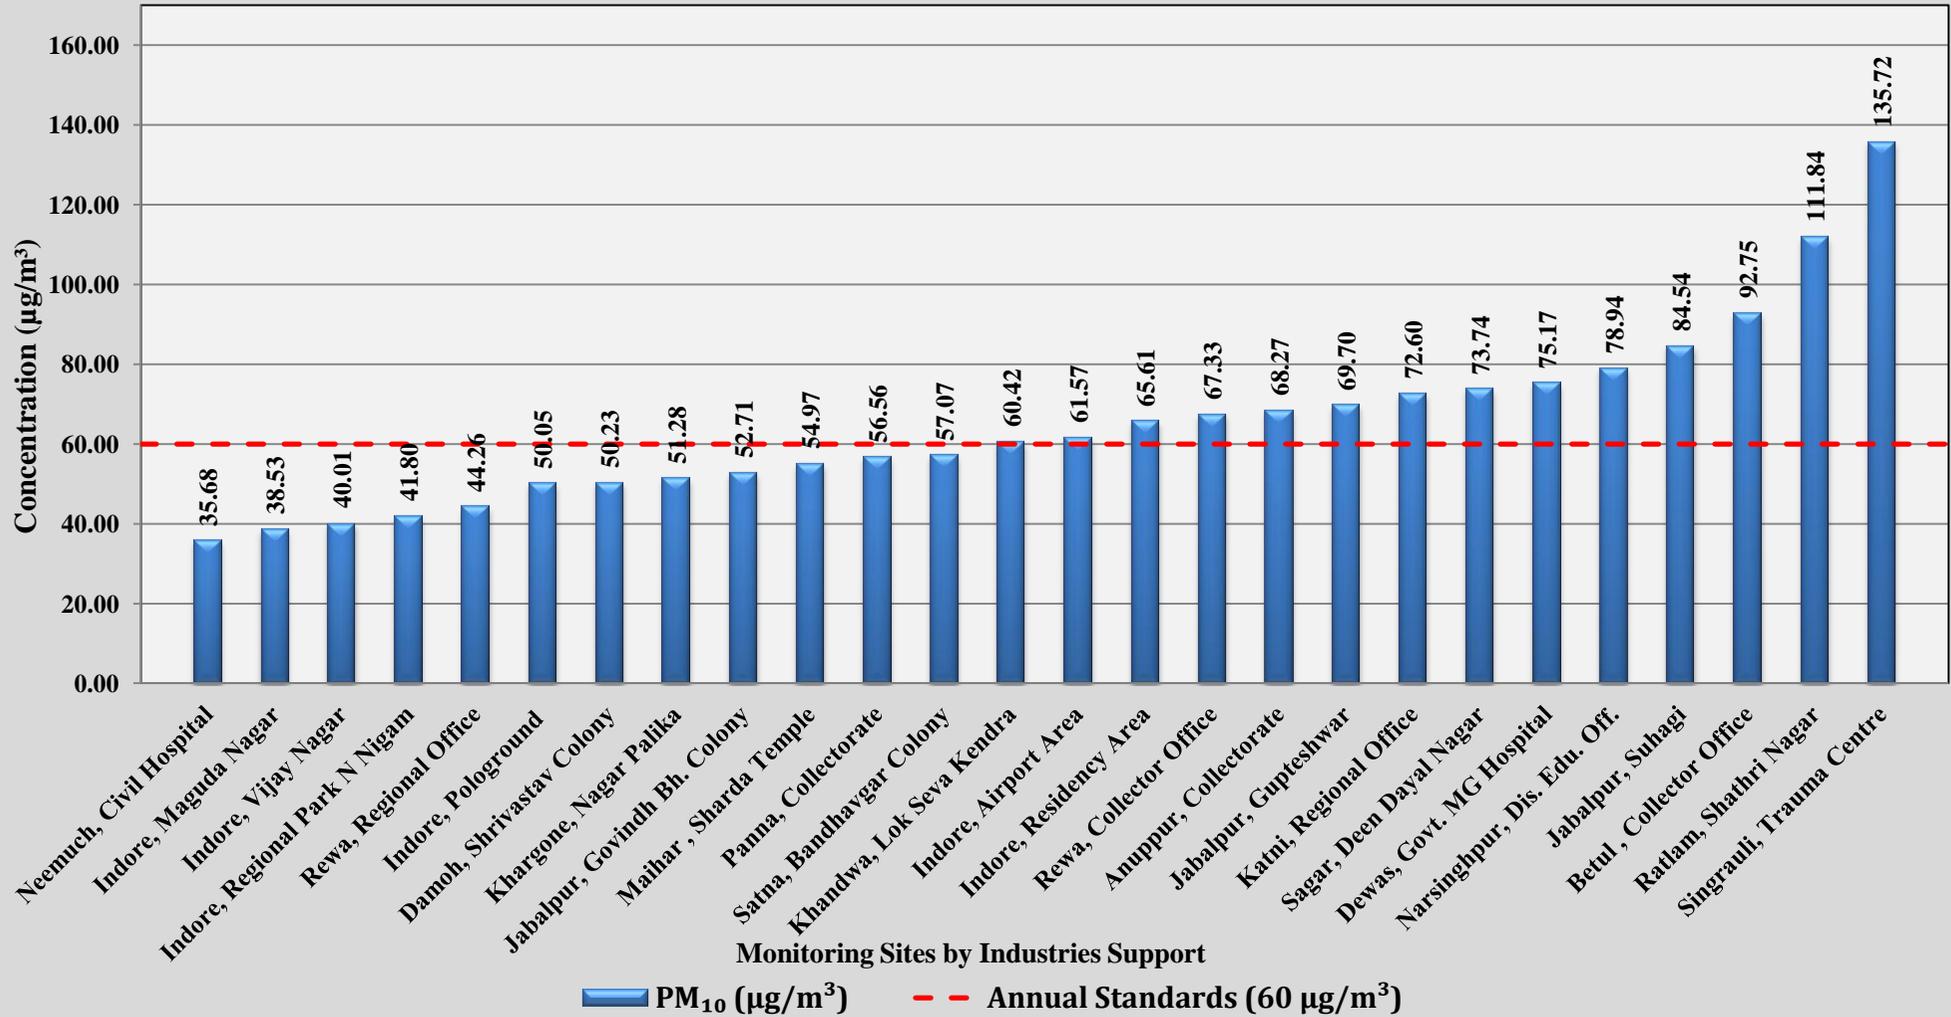

Annual Average Concentration of PM_{2.5} (Year-2022)

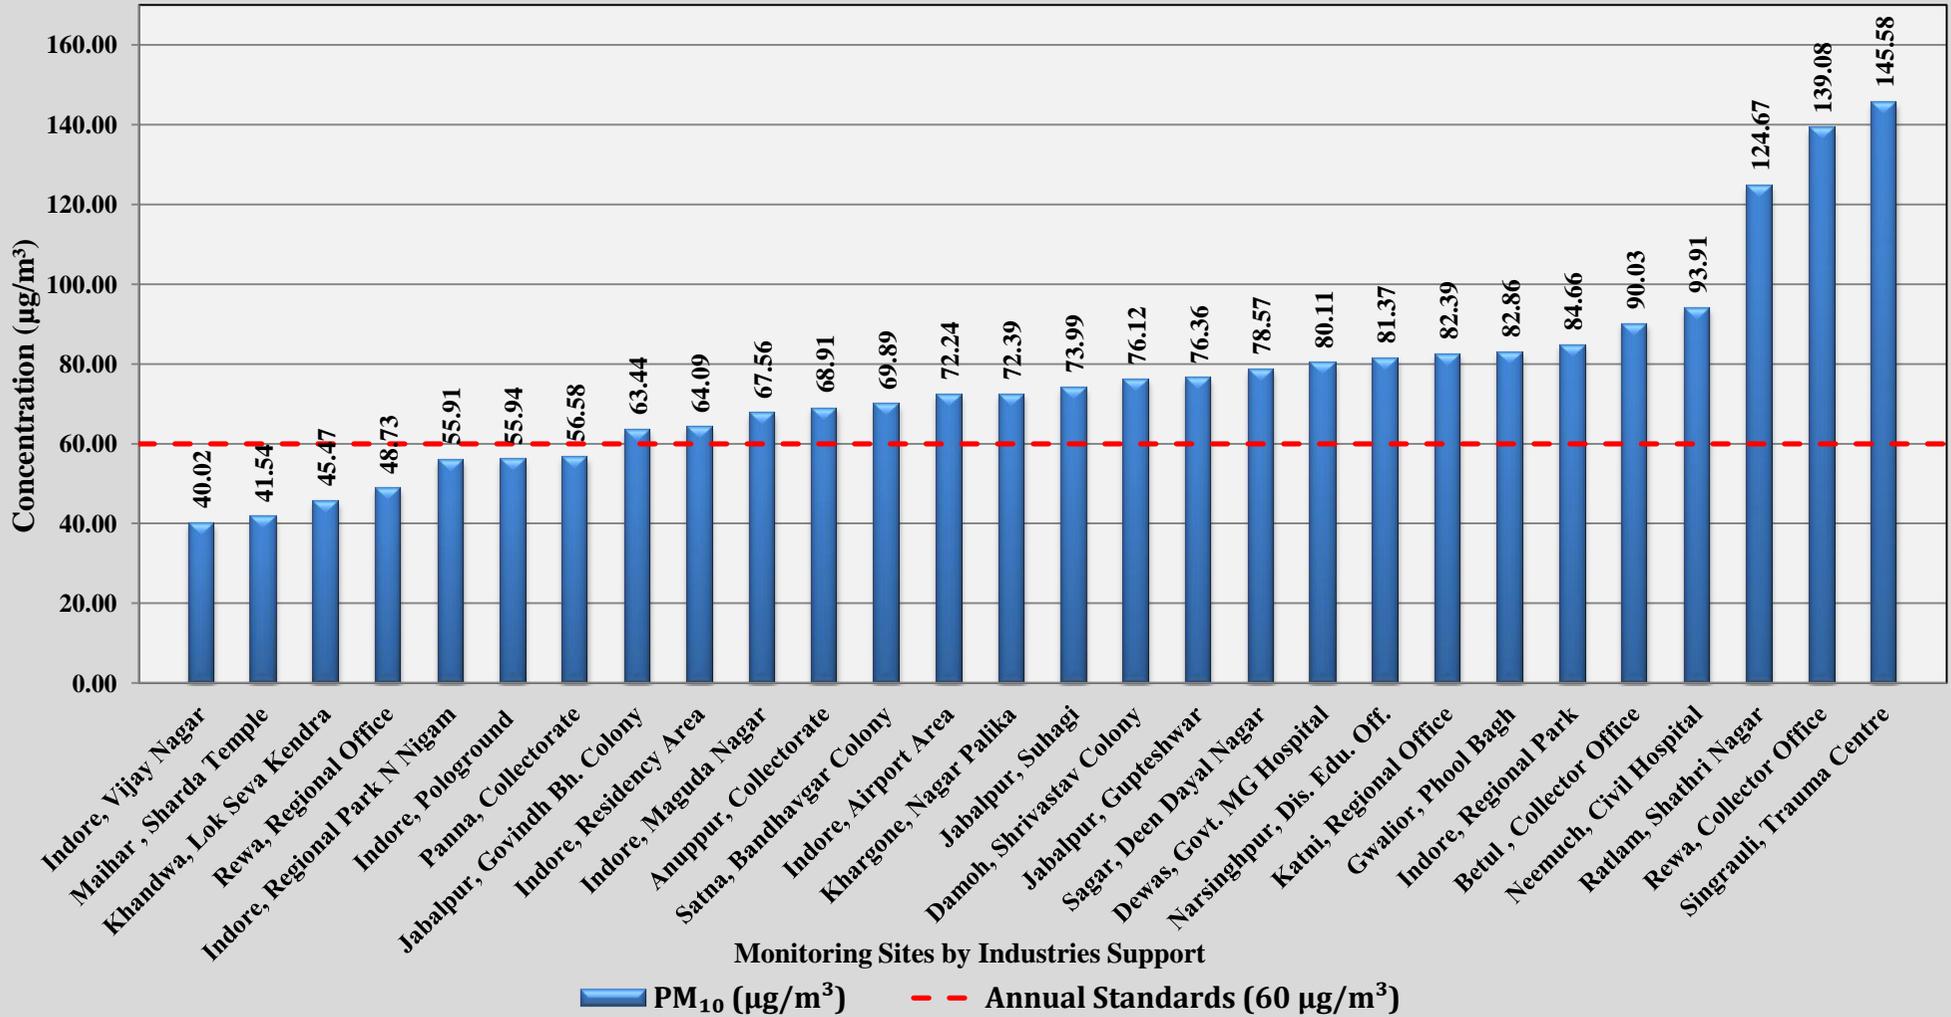

Annual Average Concentration of PM_{2.5} (Year-2021)

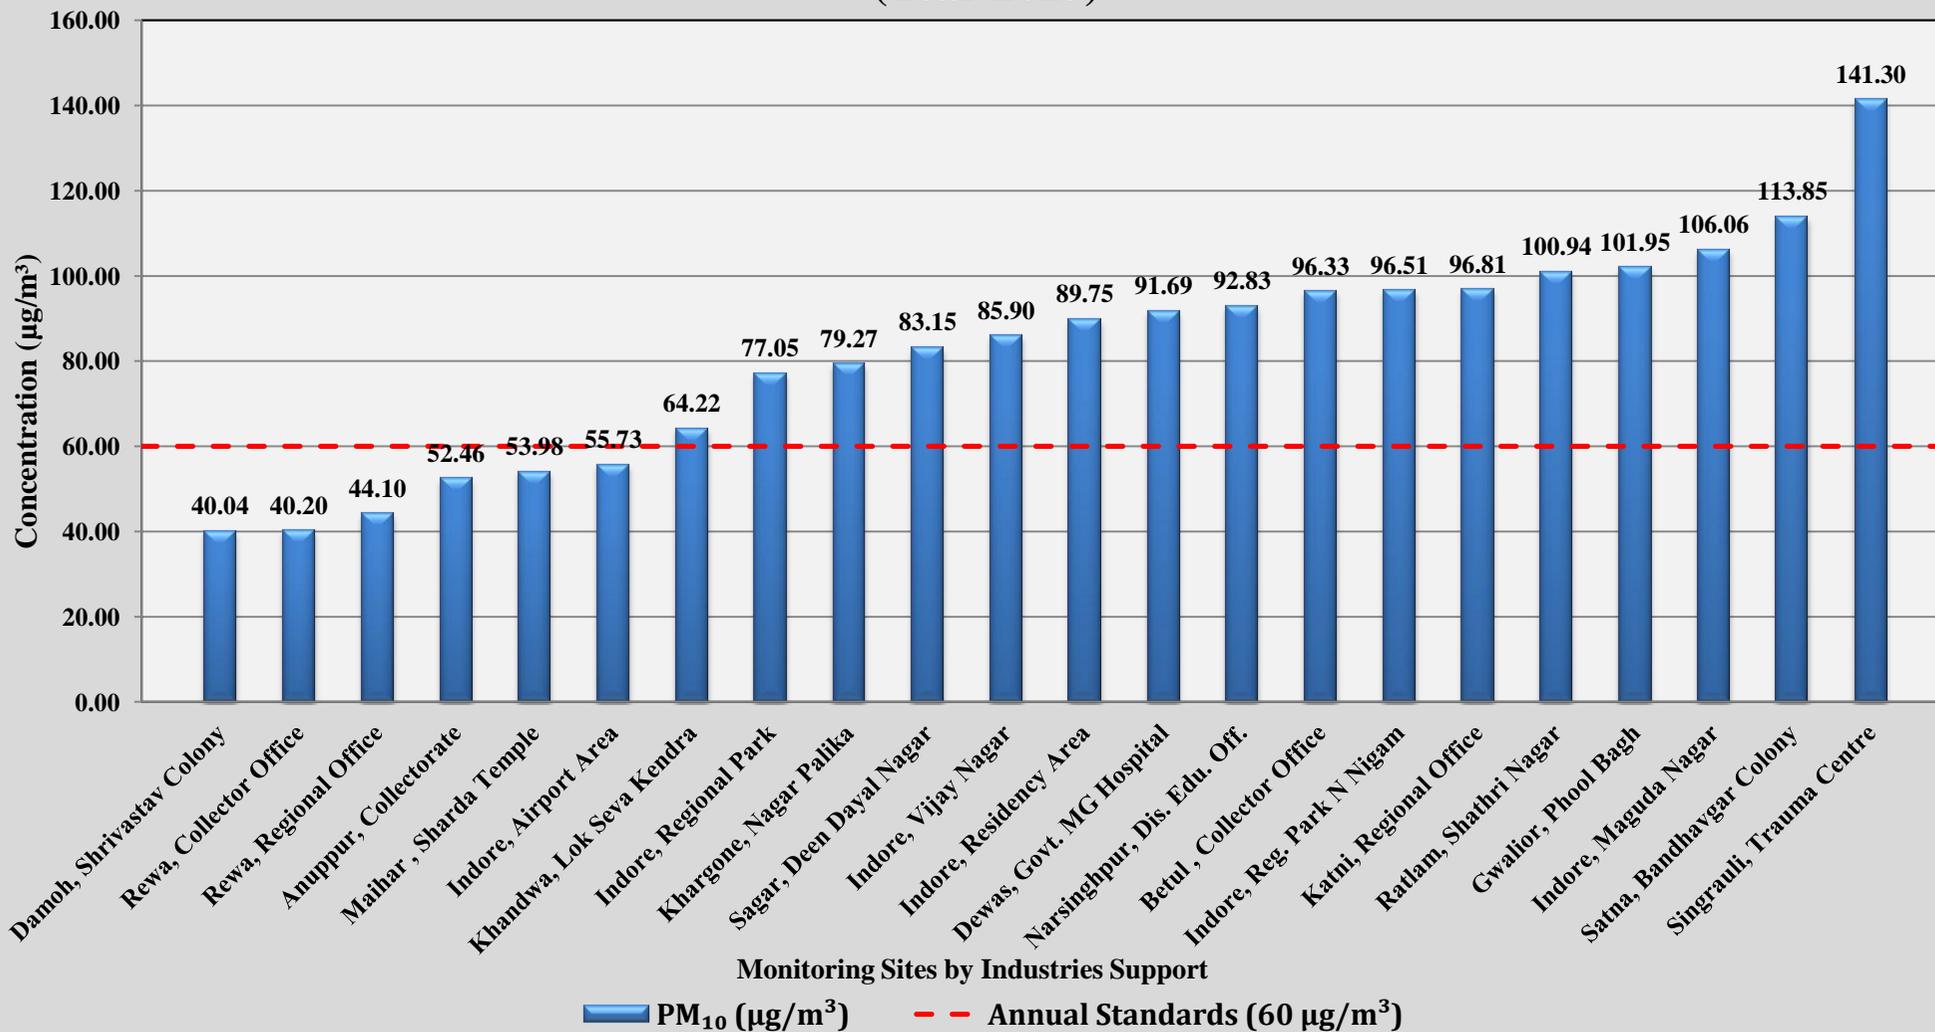

Annual Average Concentration of PM₁₀ (Year-2025)

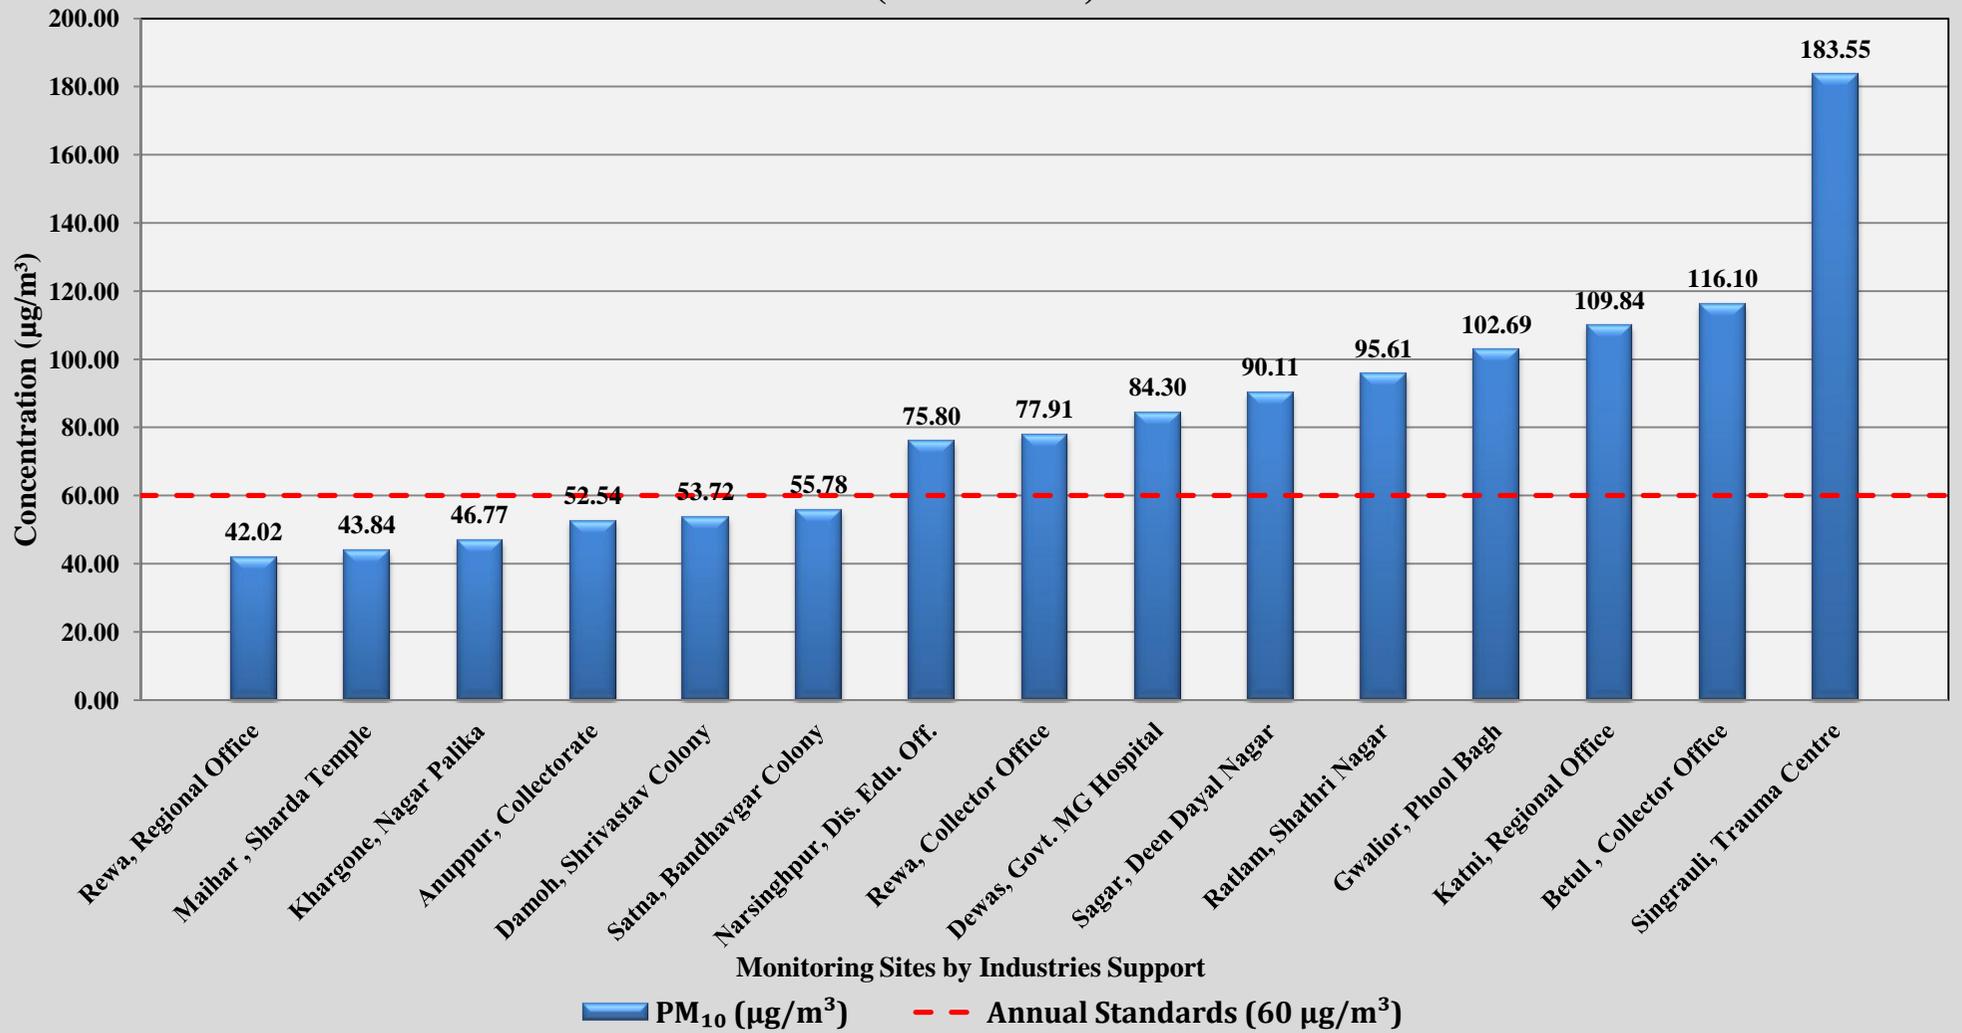

Annual Average Concentration of PM₁₀ (Year-2024)

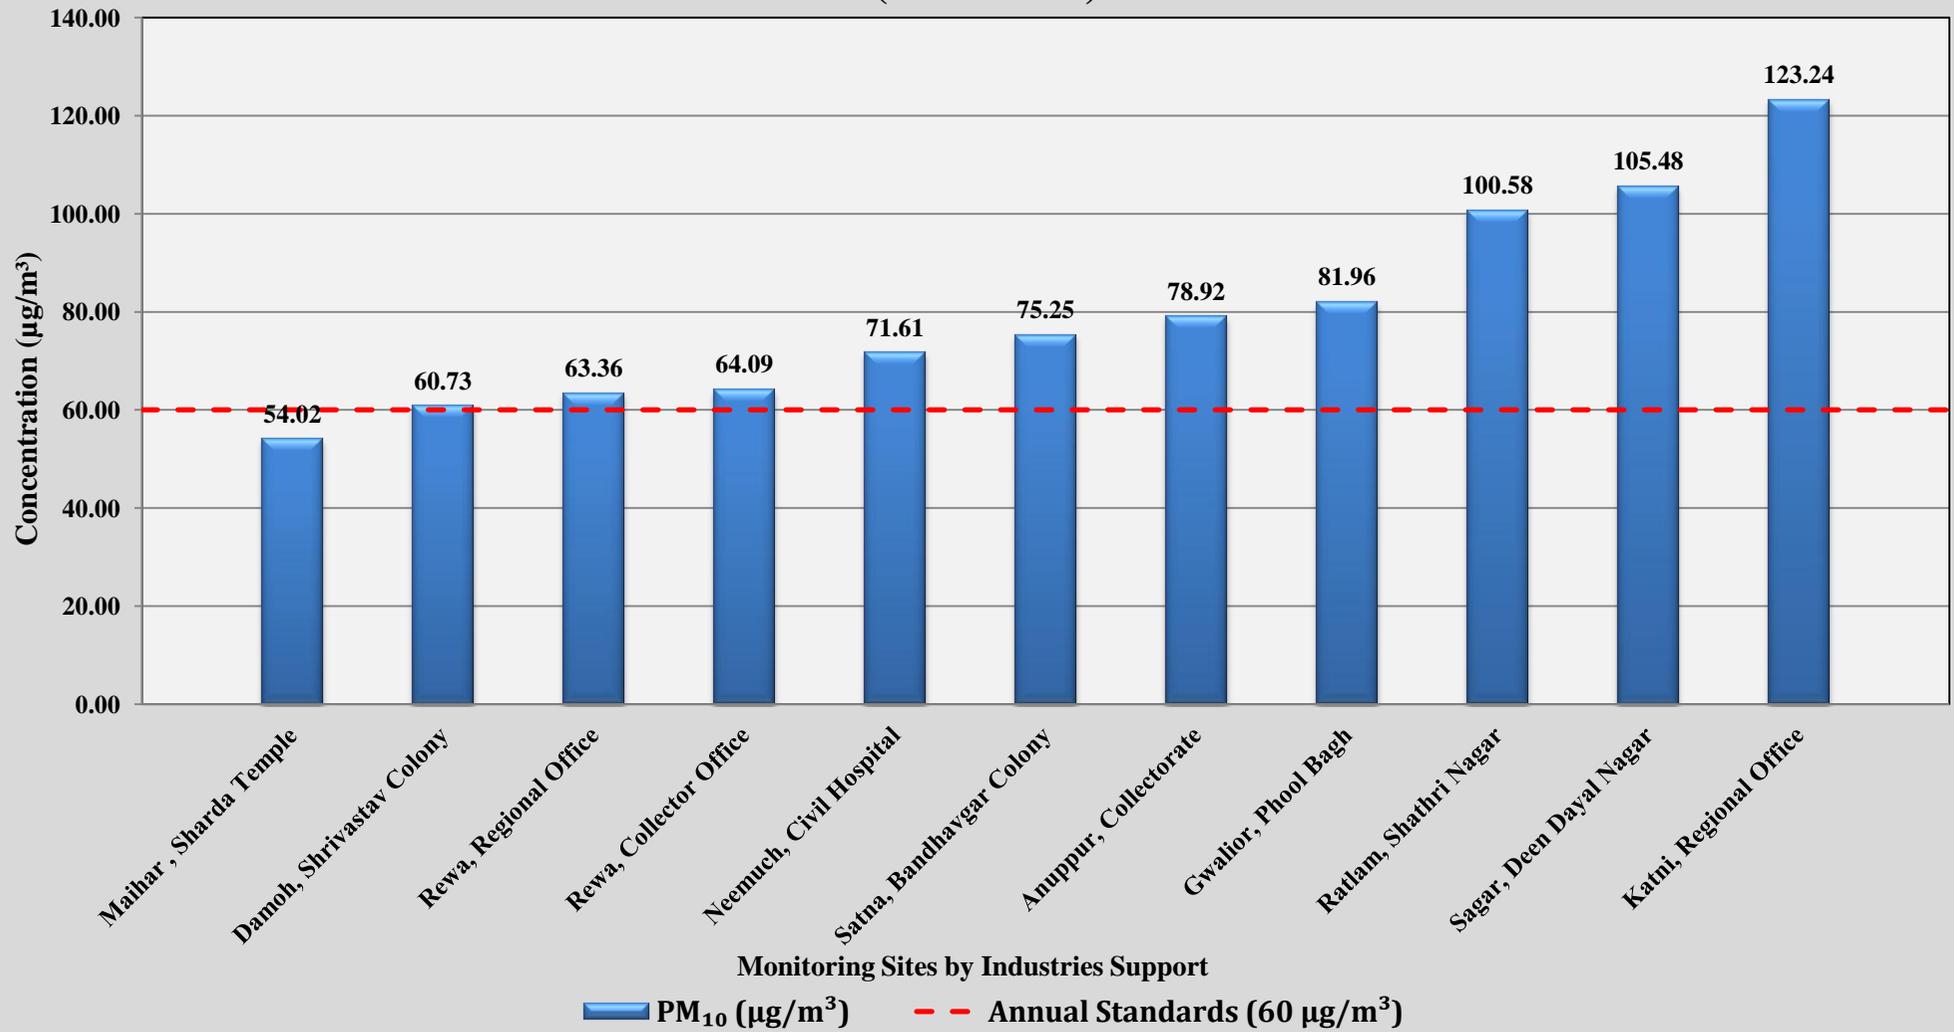

Annual Average Concentration of PM₁₀ (Year-2023)

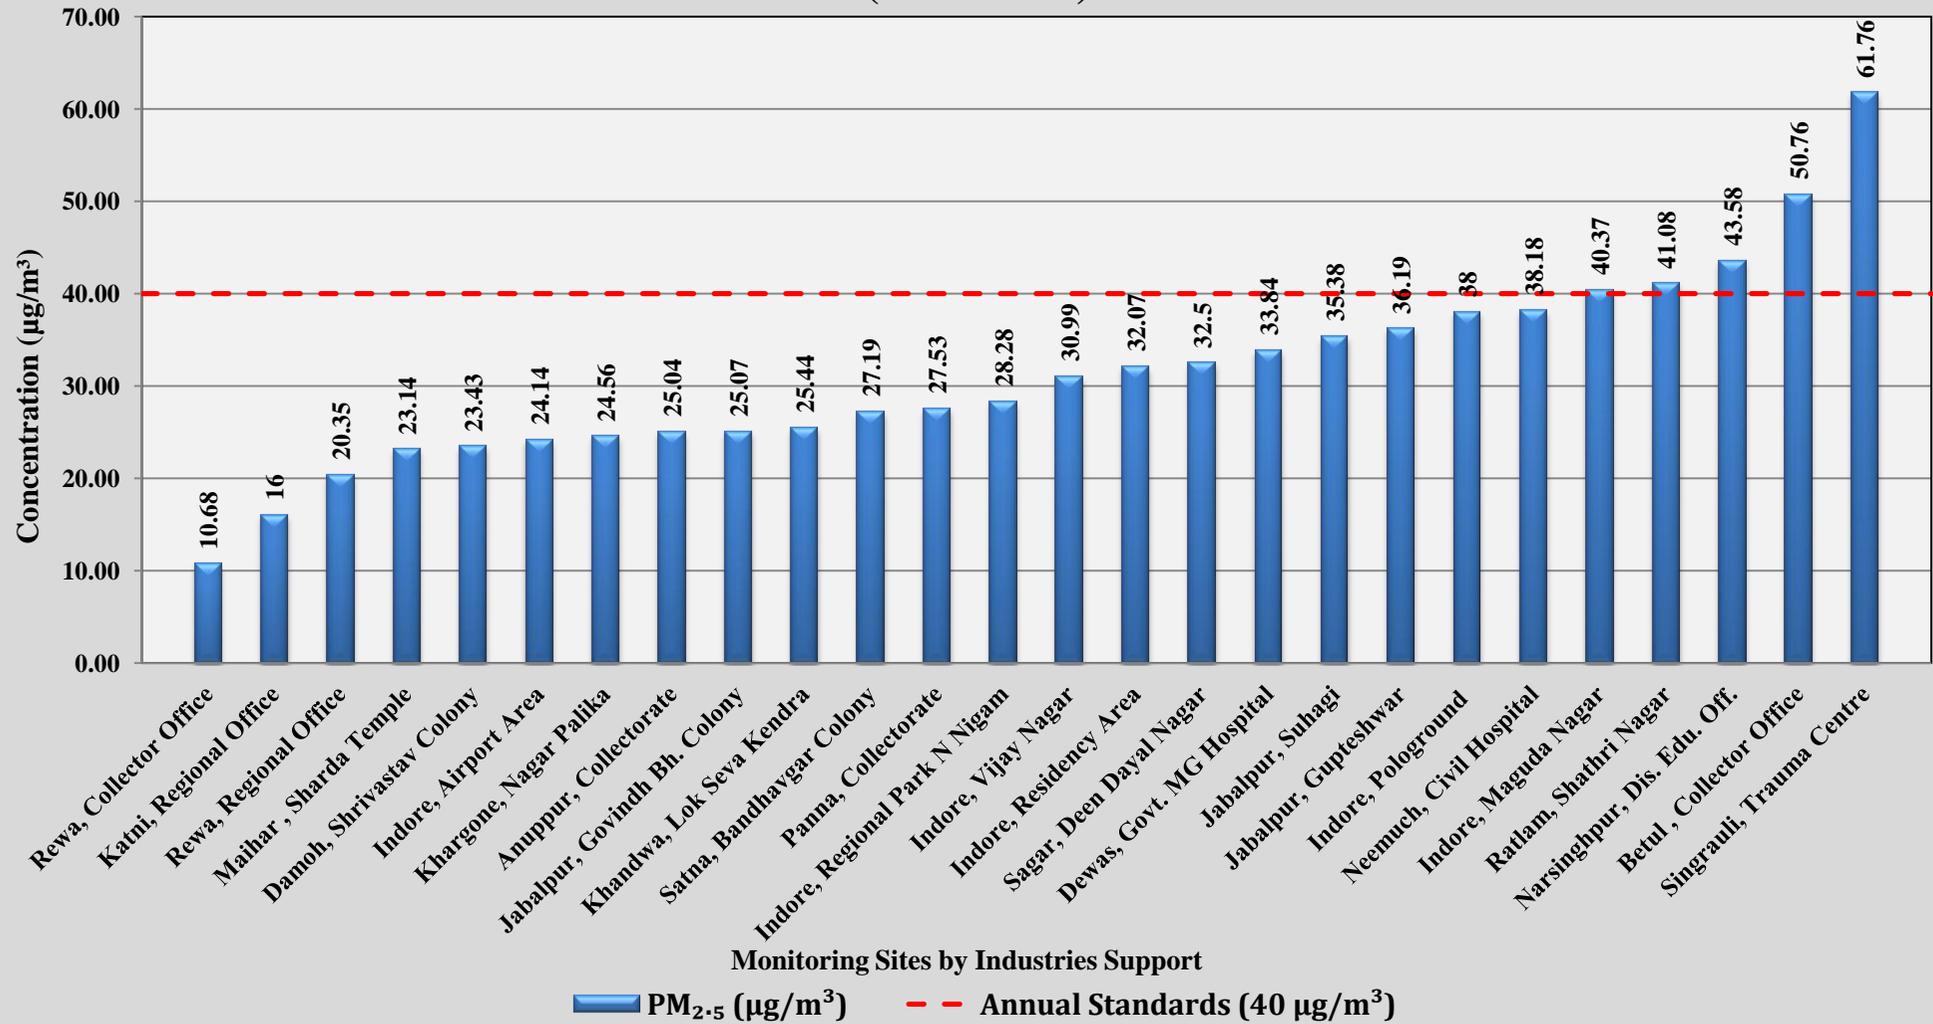

Annual Average Concentration of PM₁₀ (Year-2022)

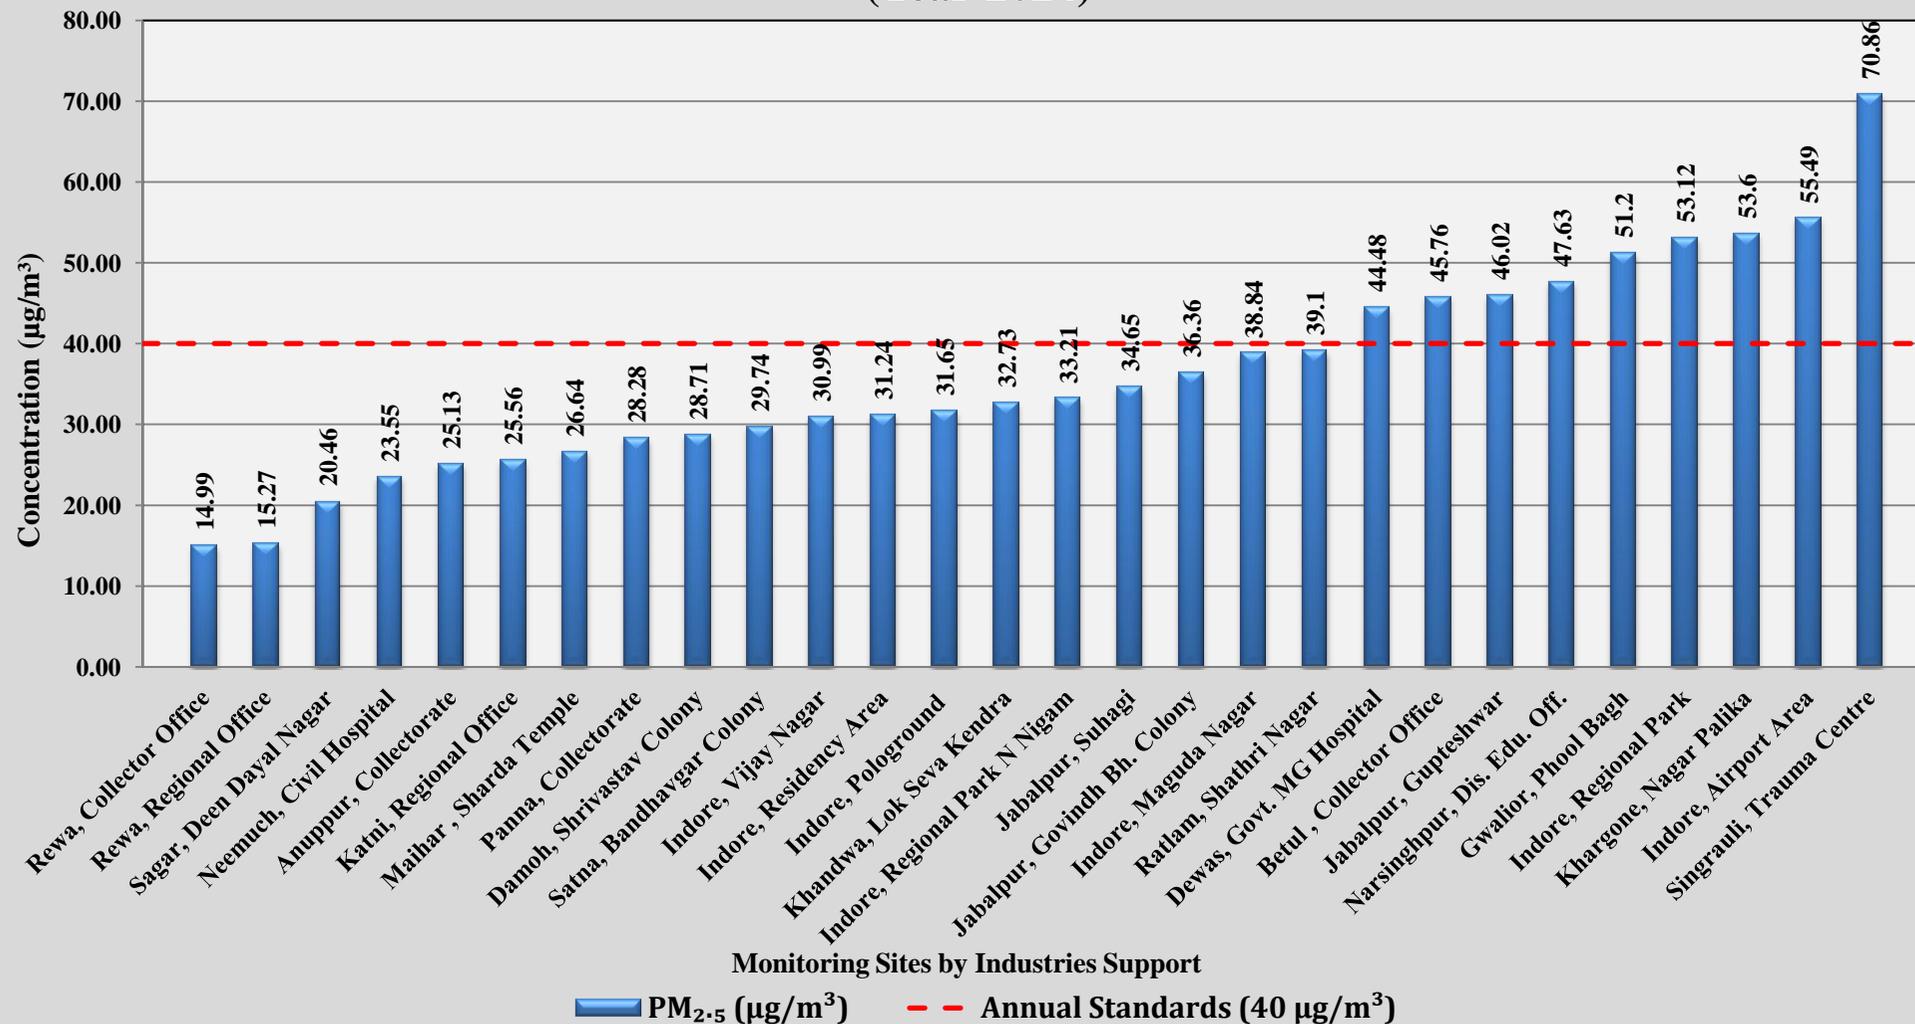

Annual Average Concentration of PM₁₀ (Year-2021)

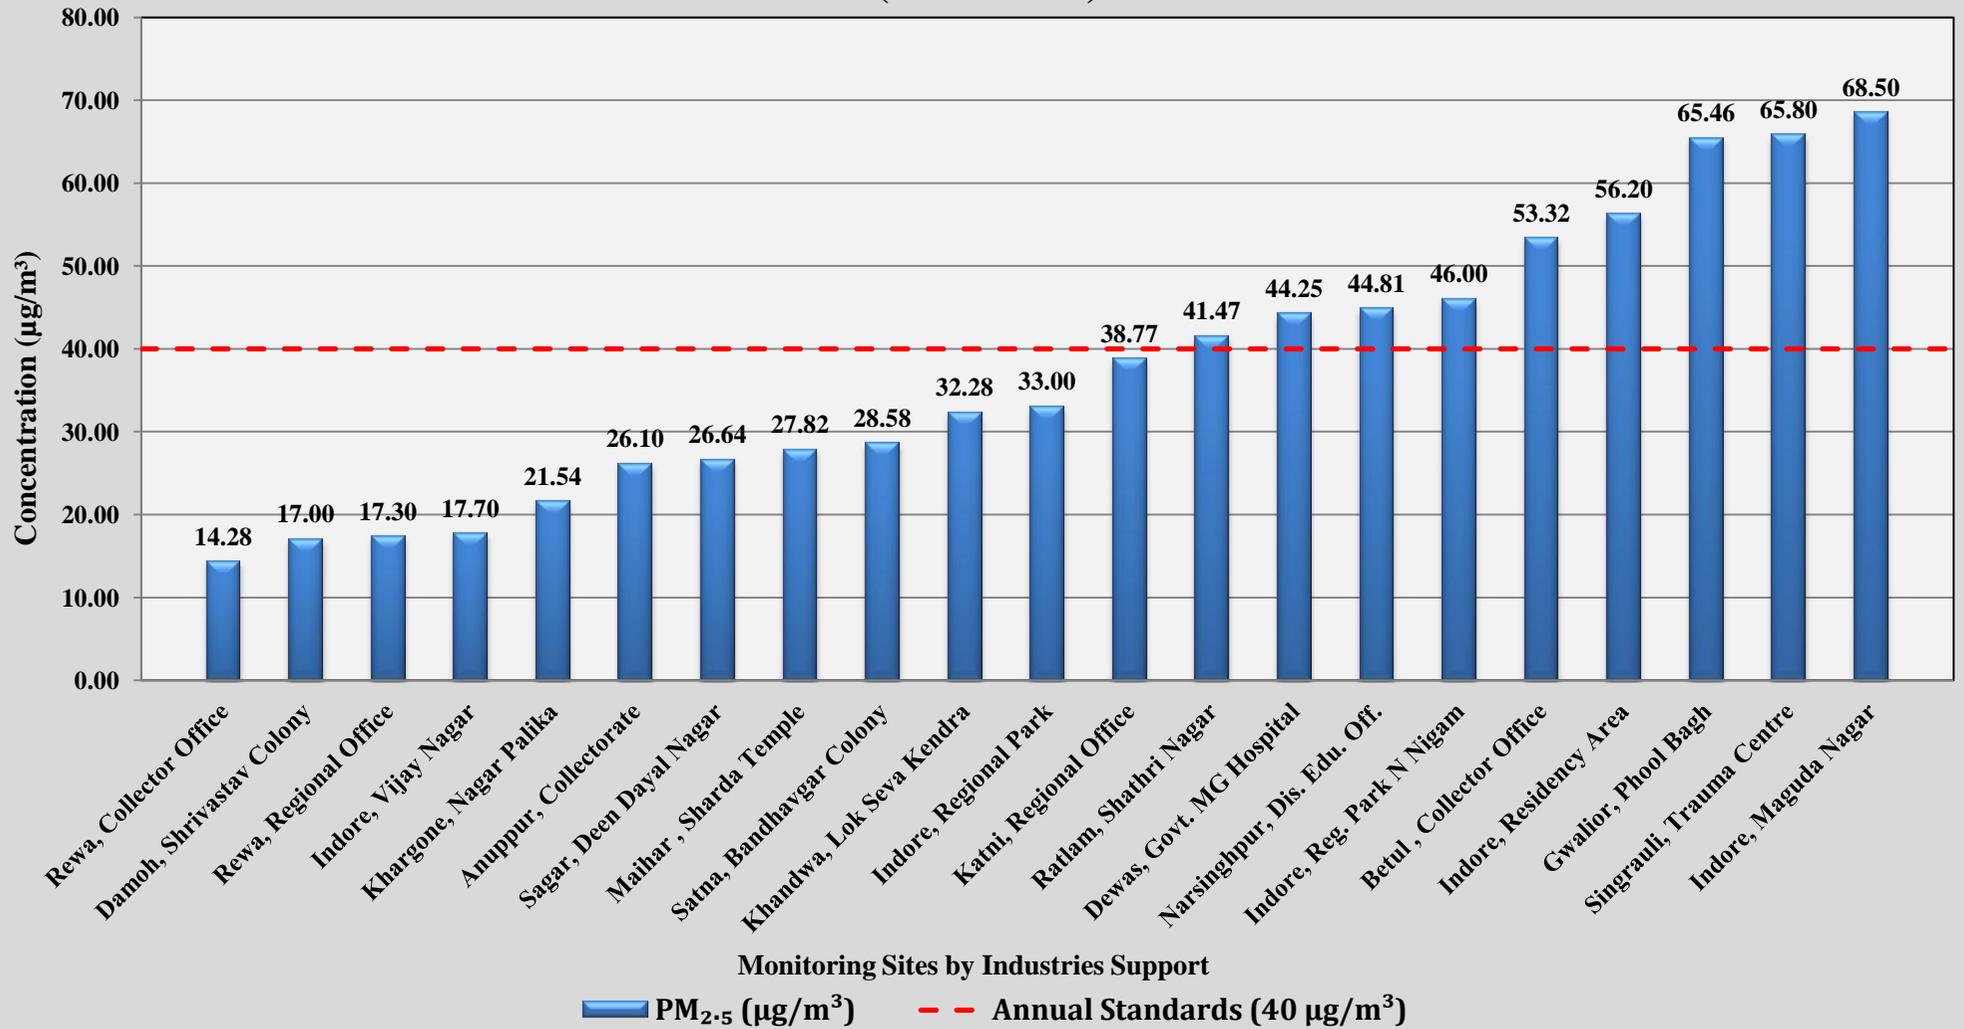

Annual Average Concentration of PM_{2.5} (Year-2025)

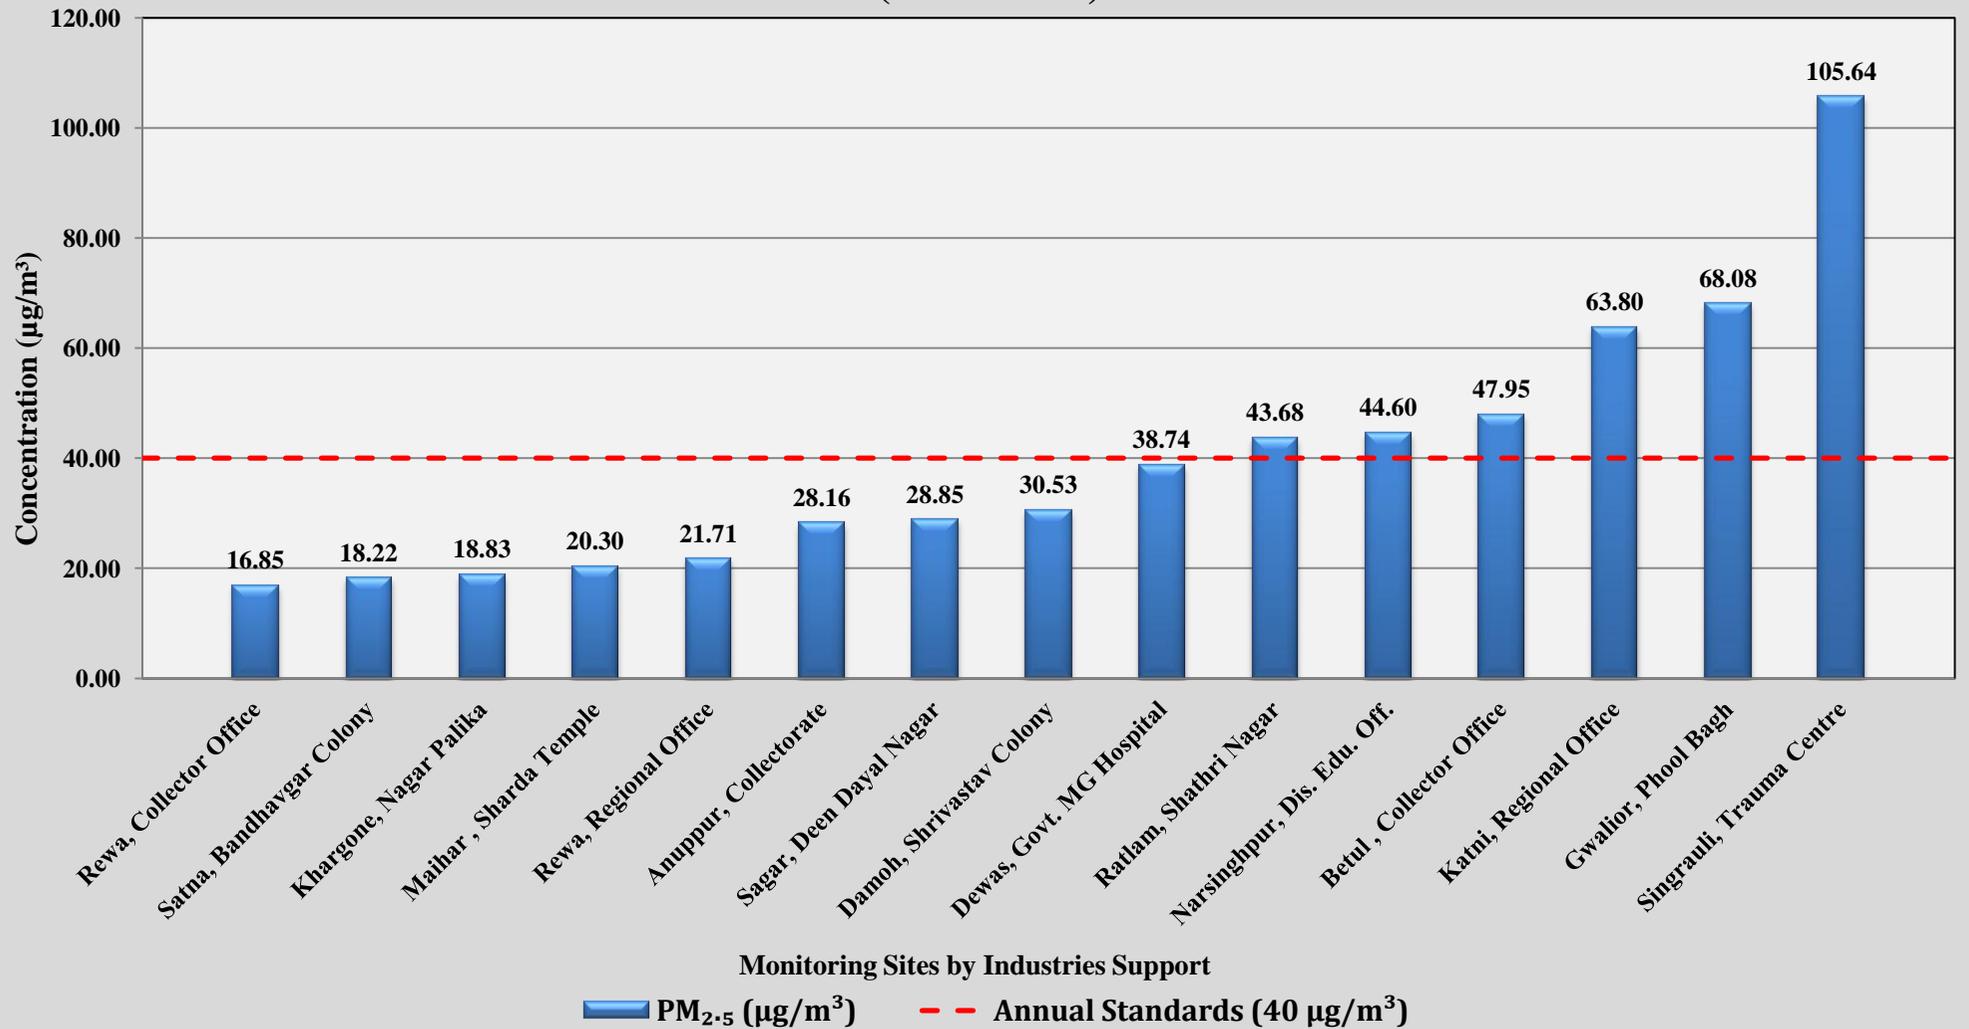

Annual Average Concentration of PM_{2.5} (Year-2024)

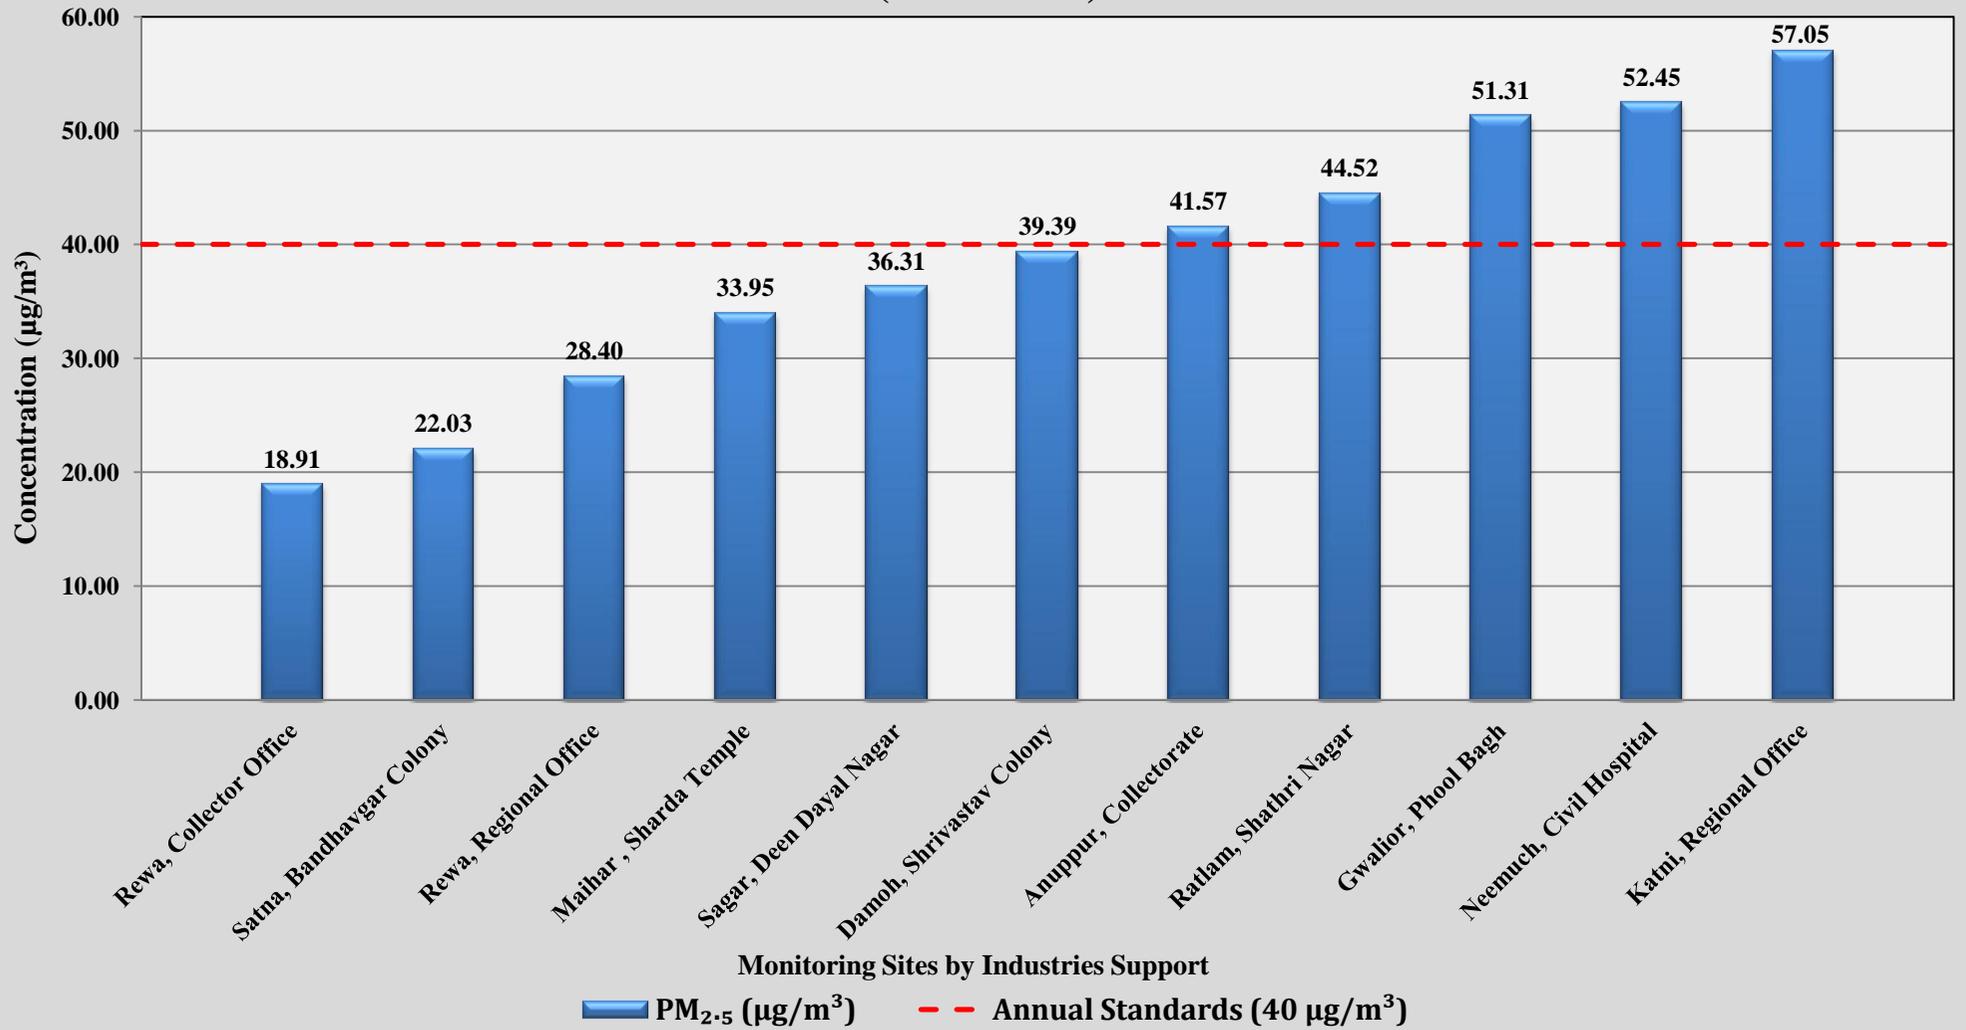

Annual Average Concentration of PM_{2.5} (Year-2023)

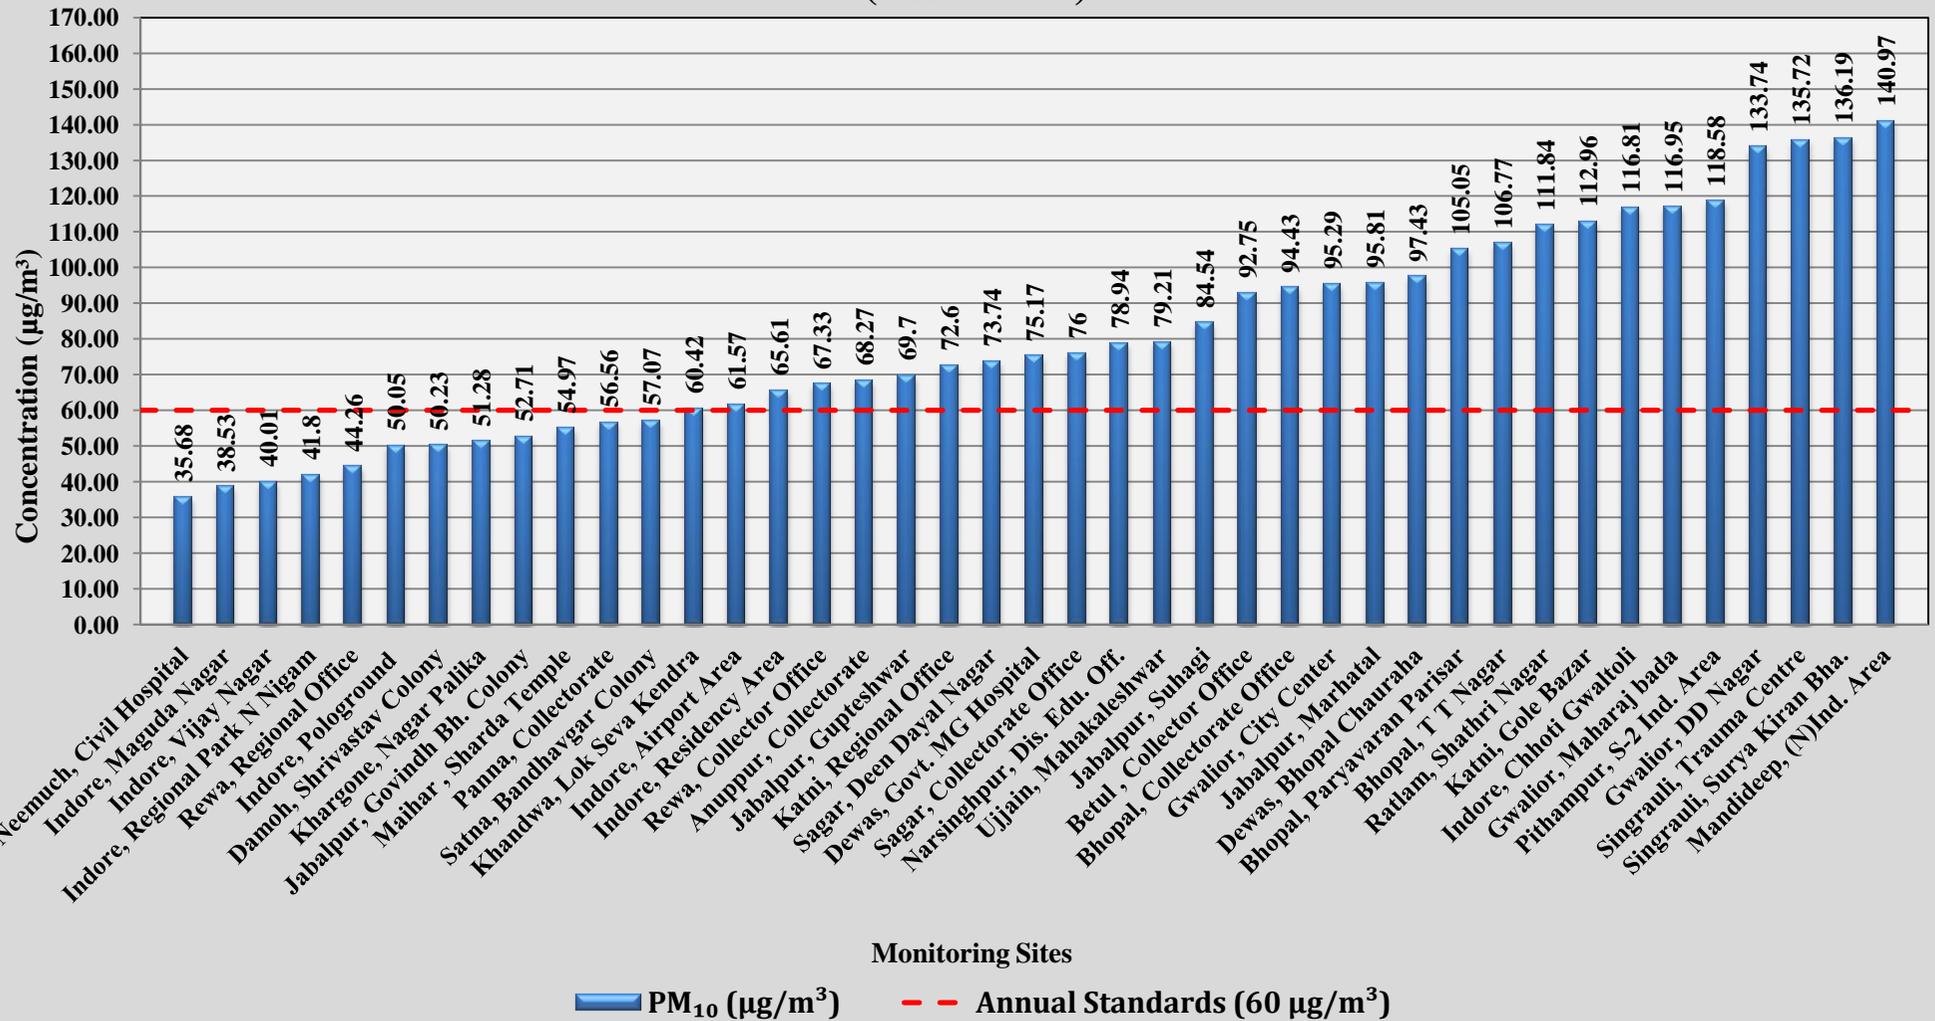

Annual Average Concentration of PM_{2.5} (Year-2022)

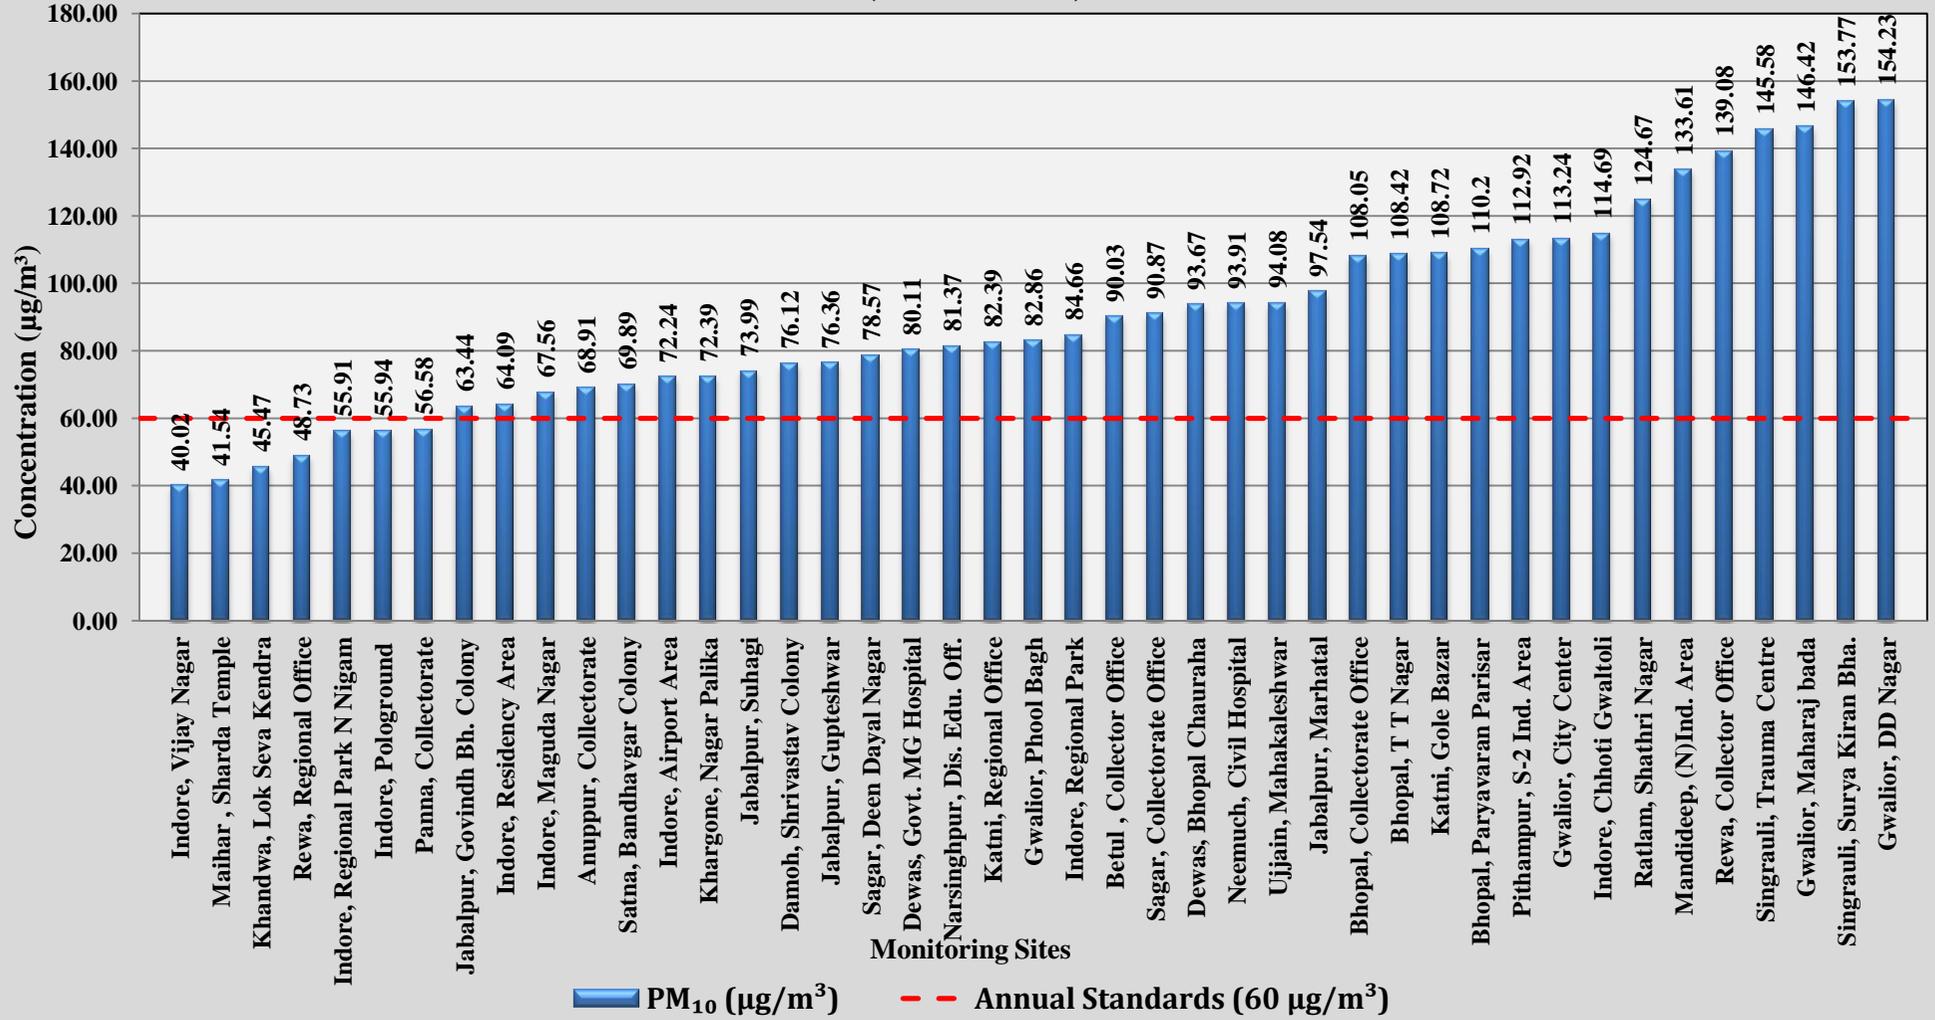

Annual Average Concentration of PM_{2.5} (Year-2021)

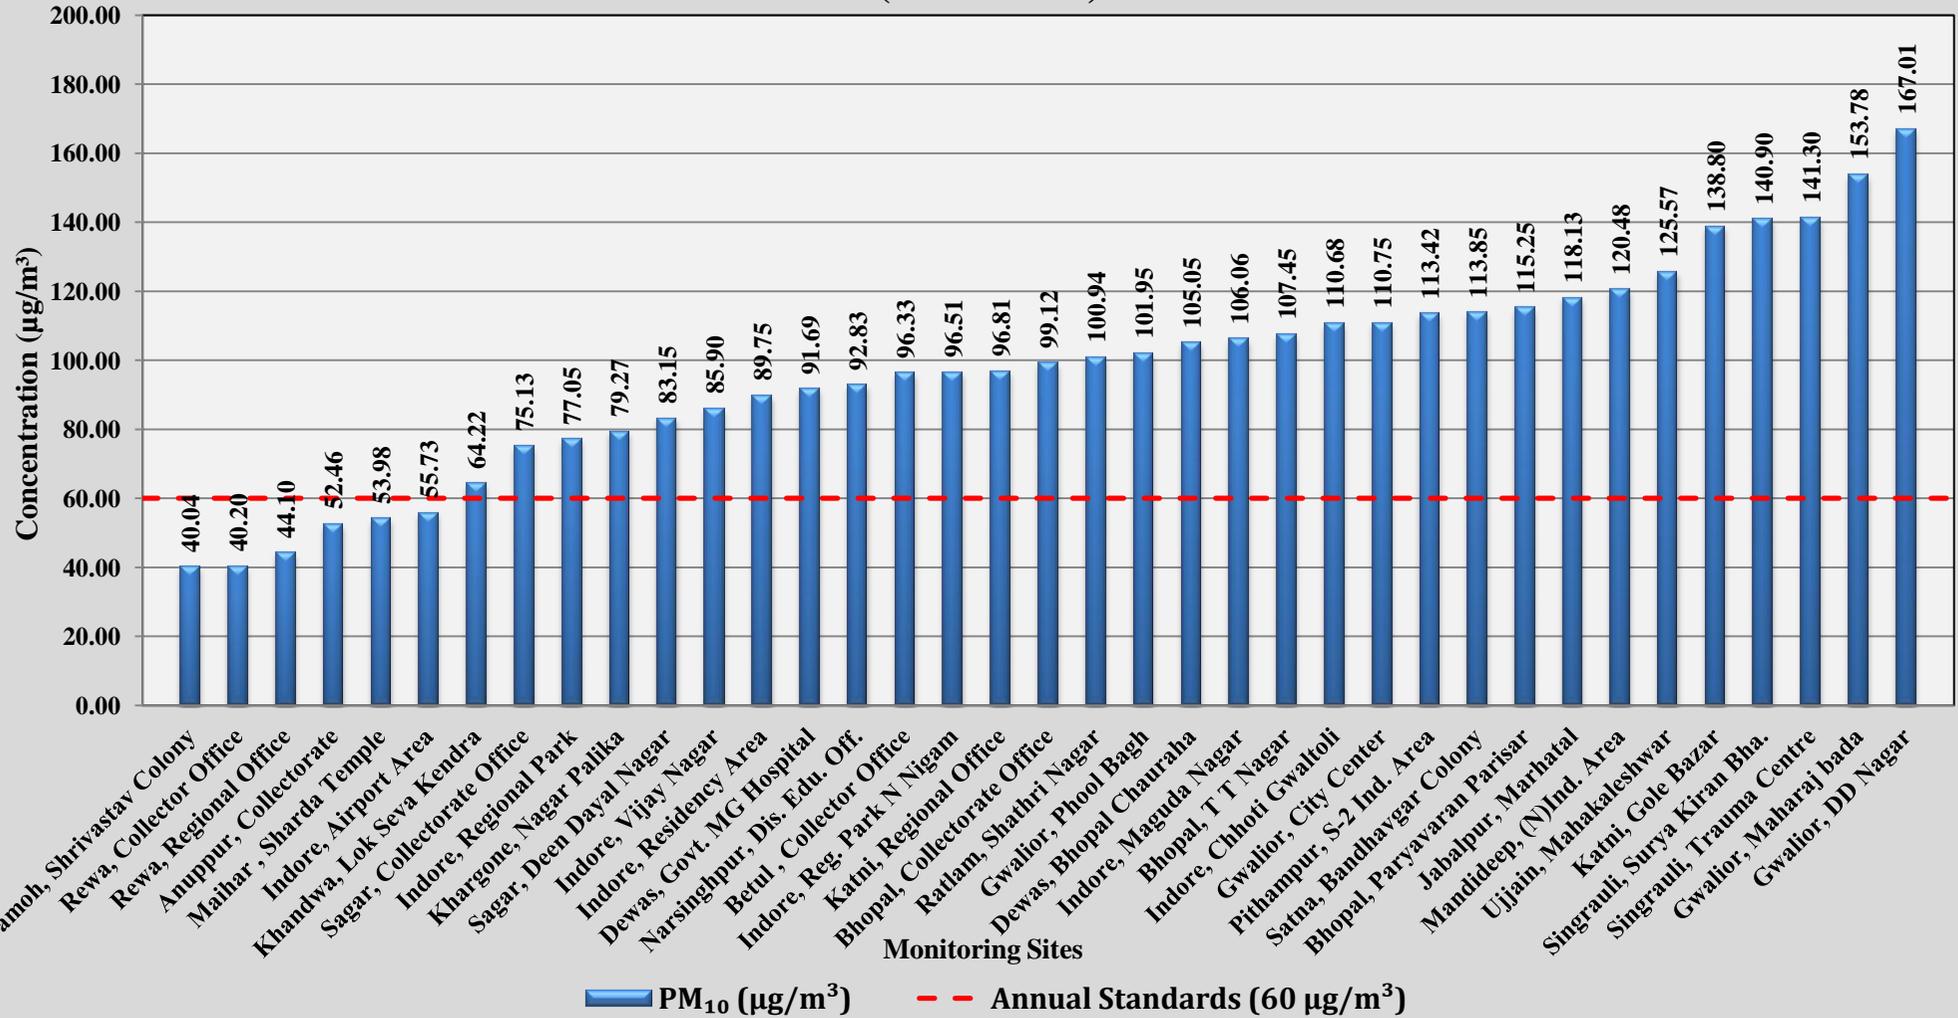

Annual Average Concentration of PM₁₀ (Year-2025)

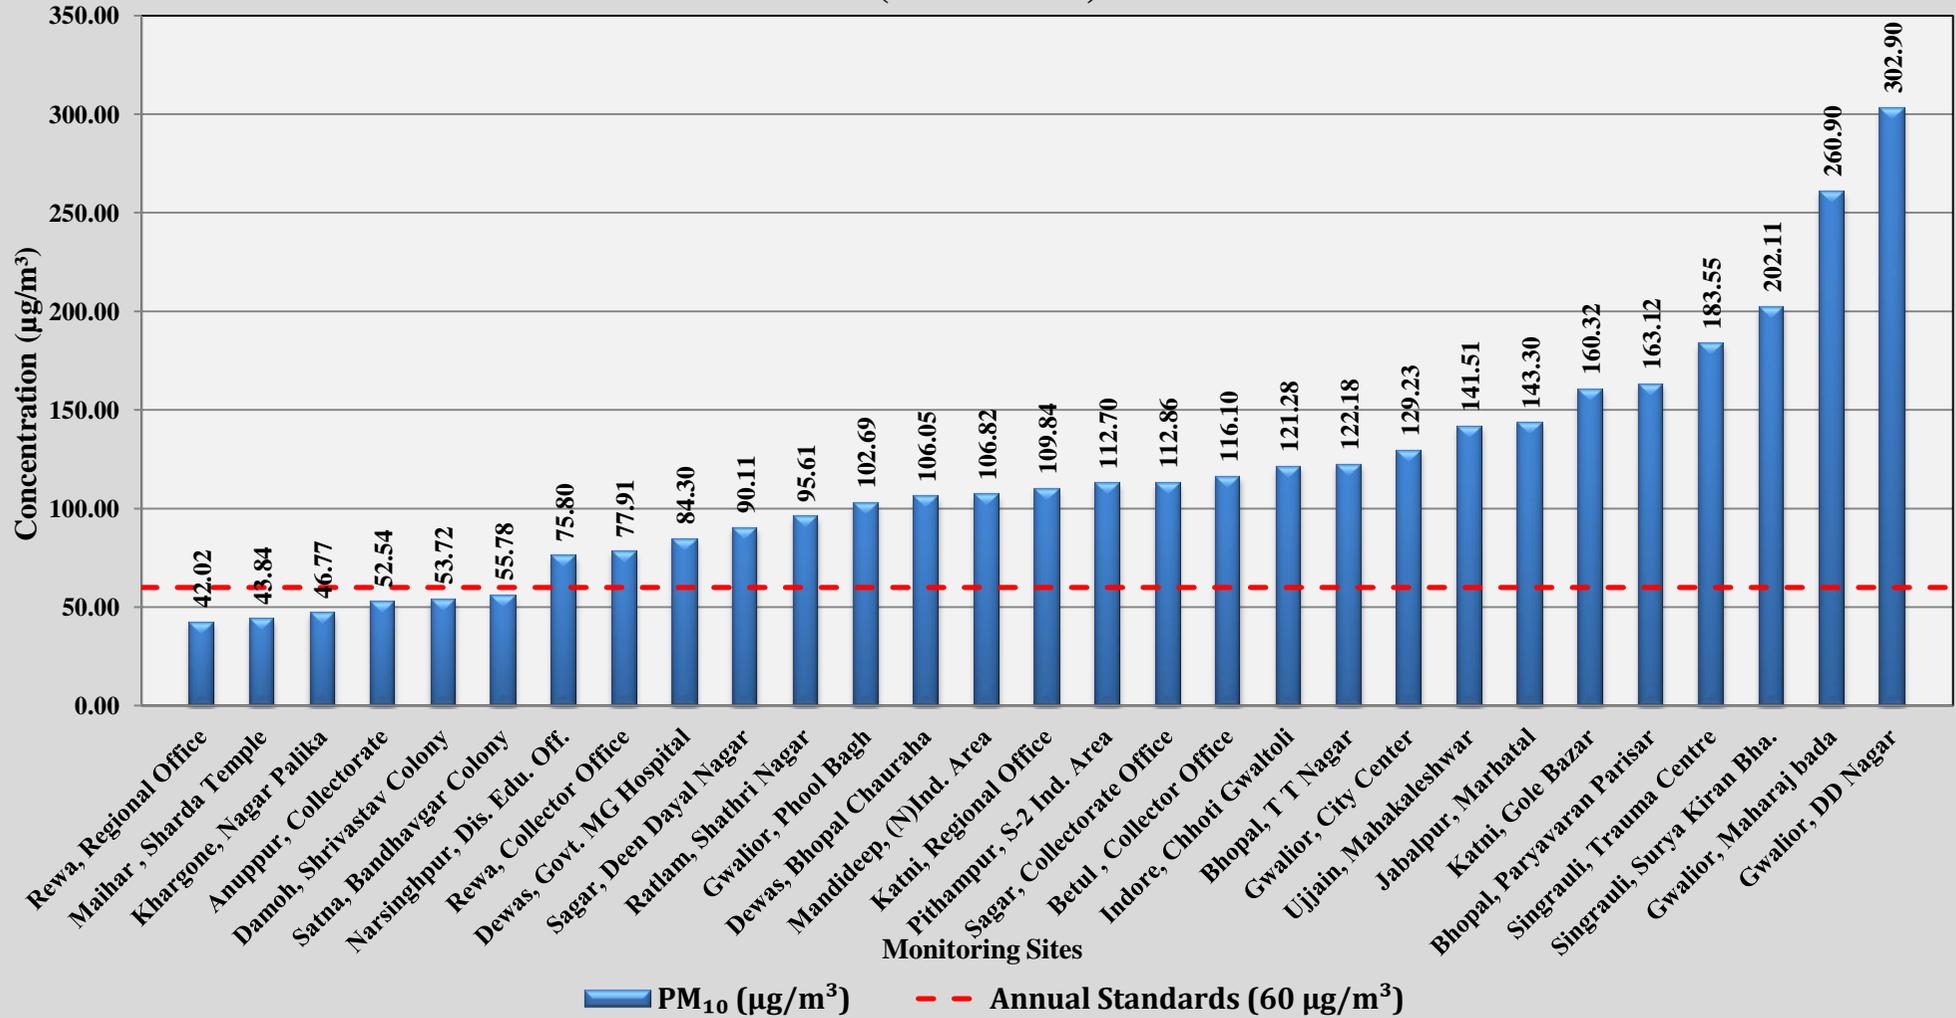

Annual Average Concentration of PM₁₀ (Year-2024)

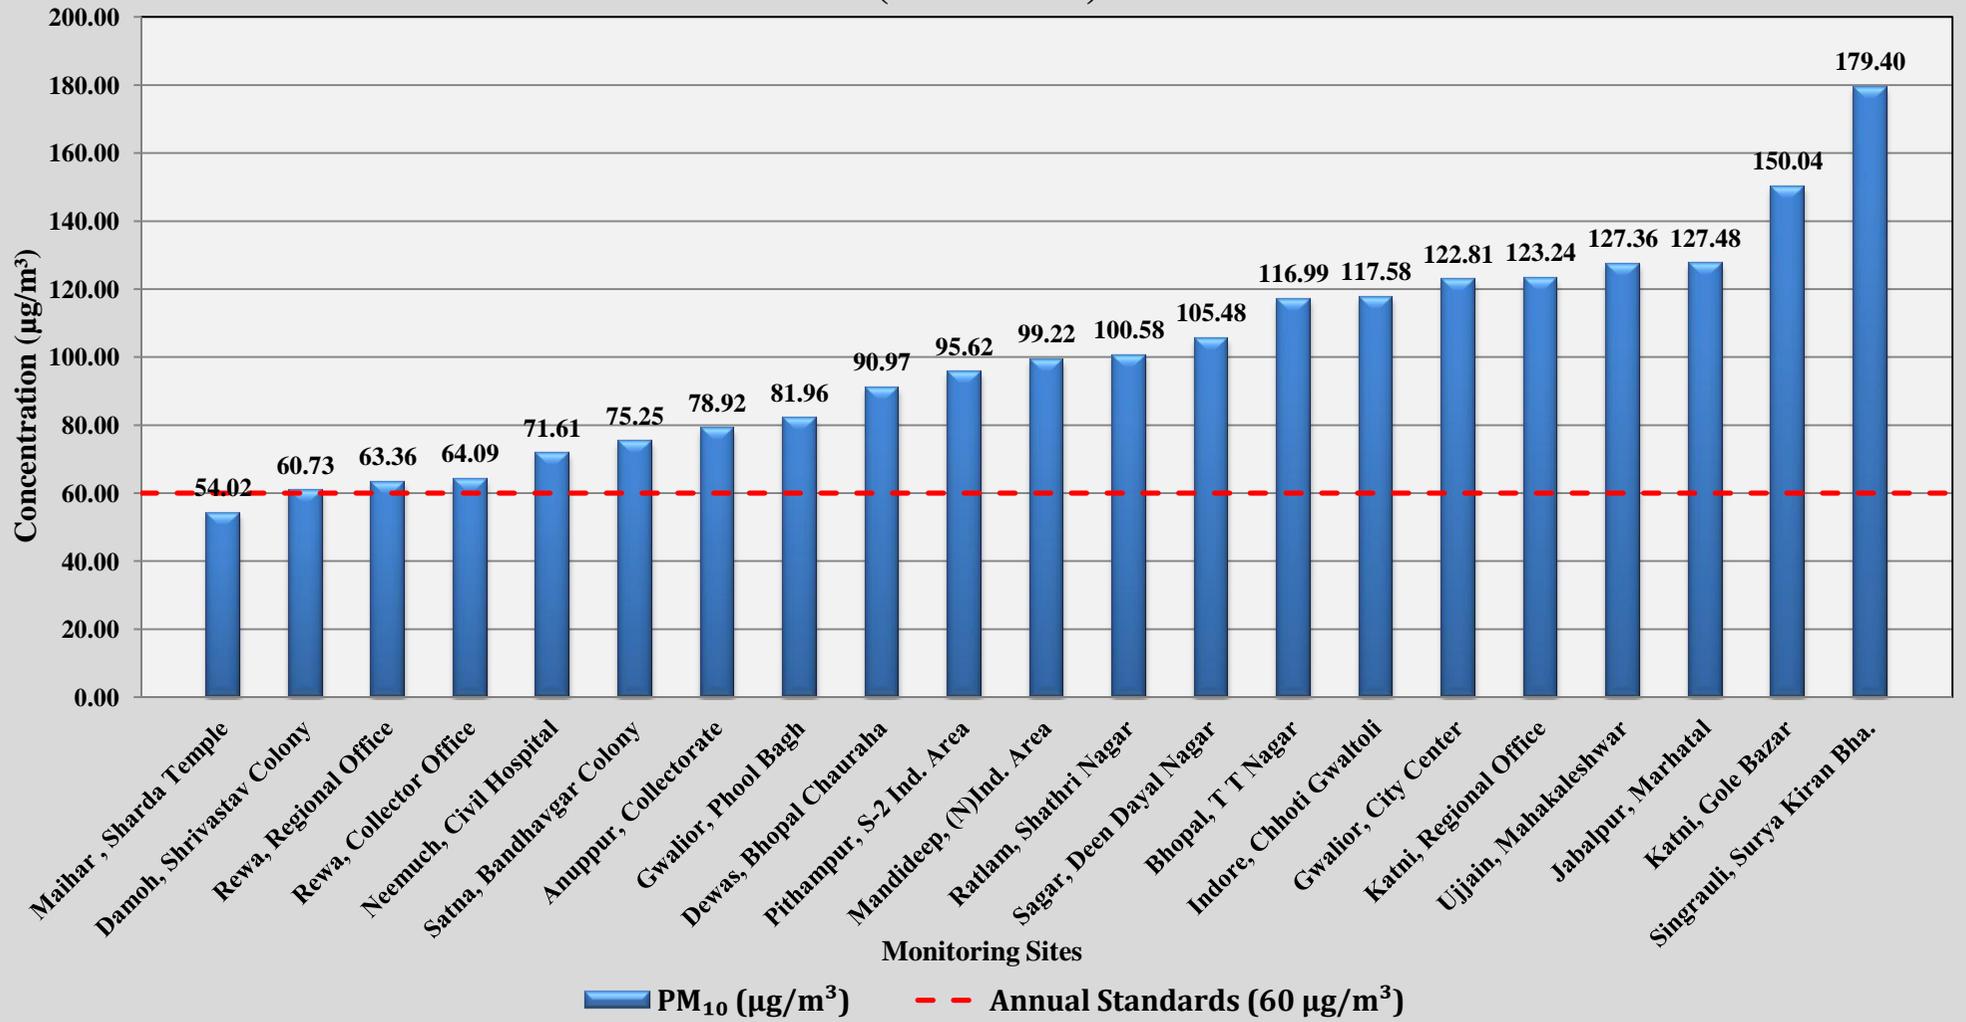

Annual Average Concentration of PM₁₀ (Year-2023)

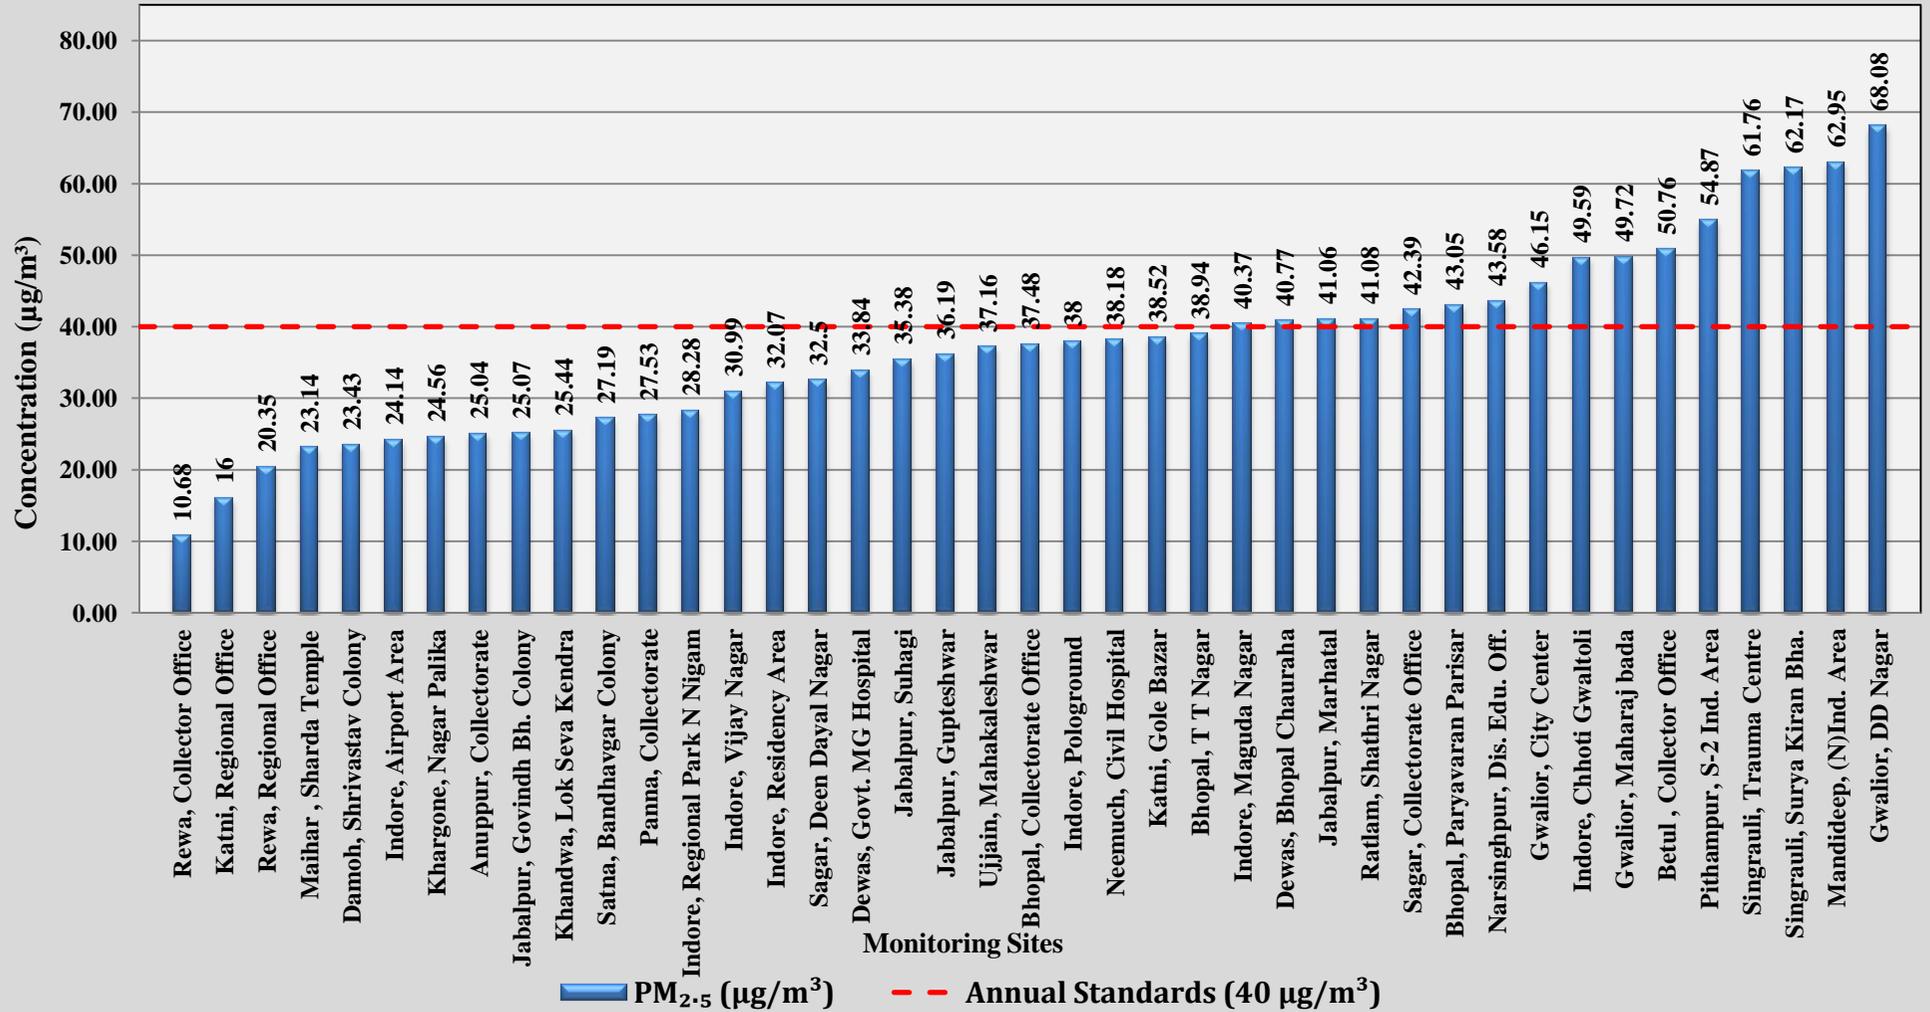

Annual Average Concentration of PM₁₀ (Year-2022)

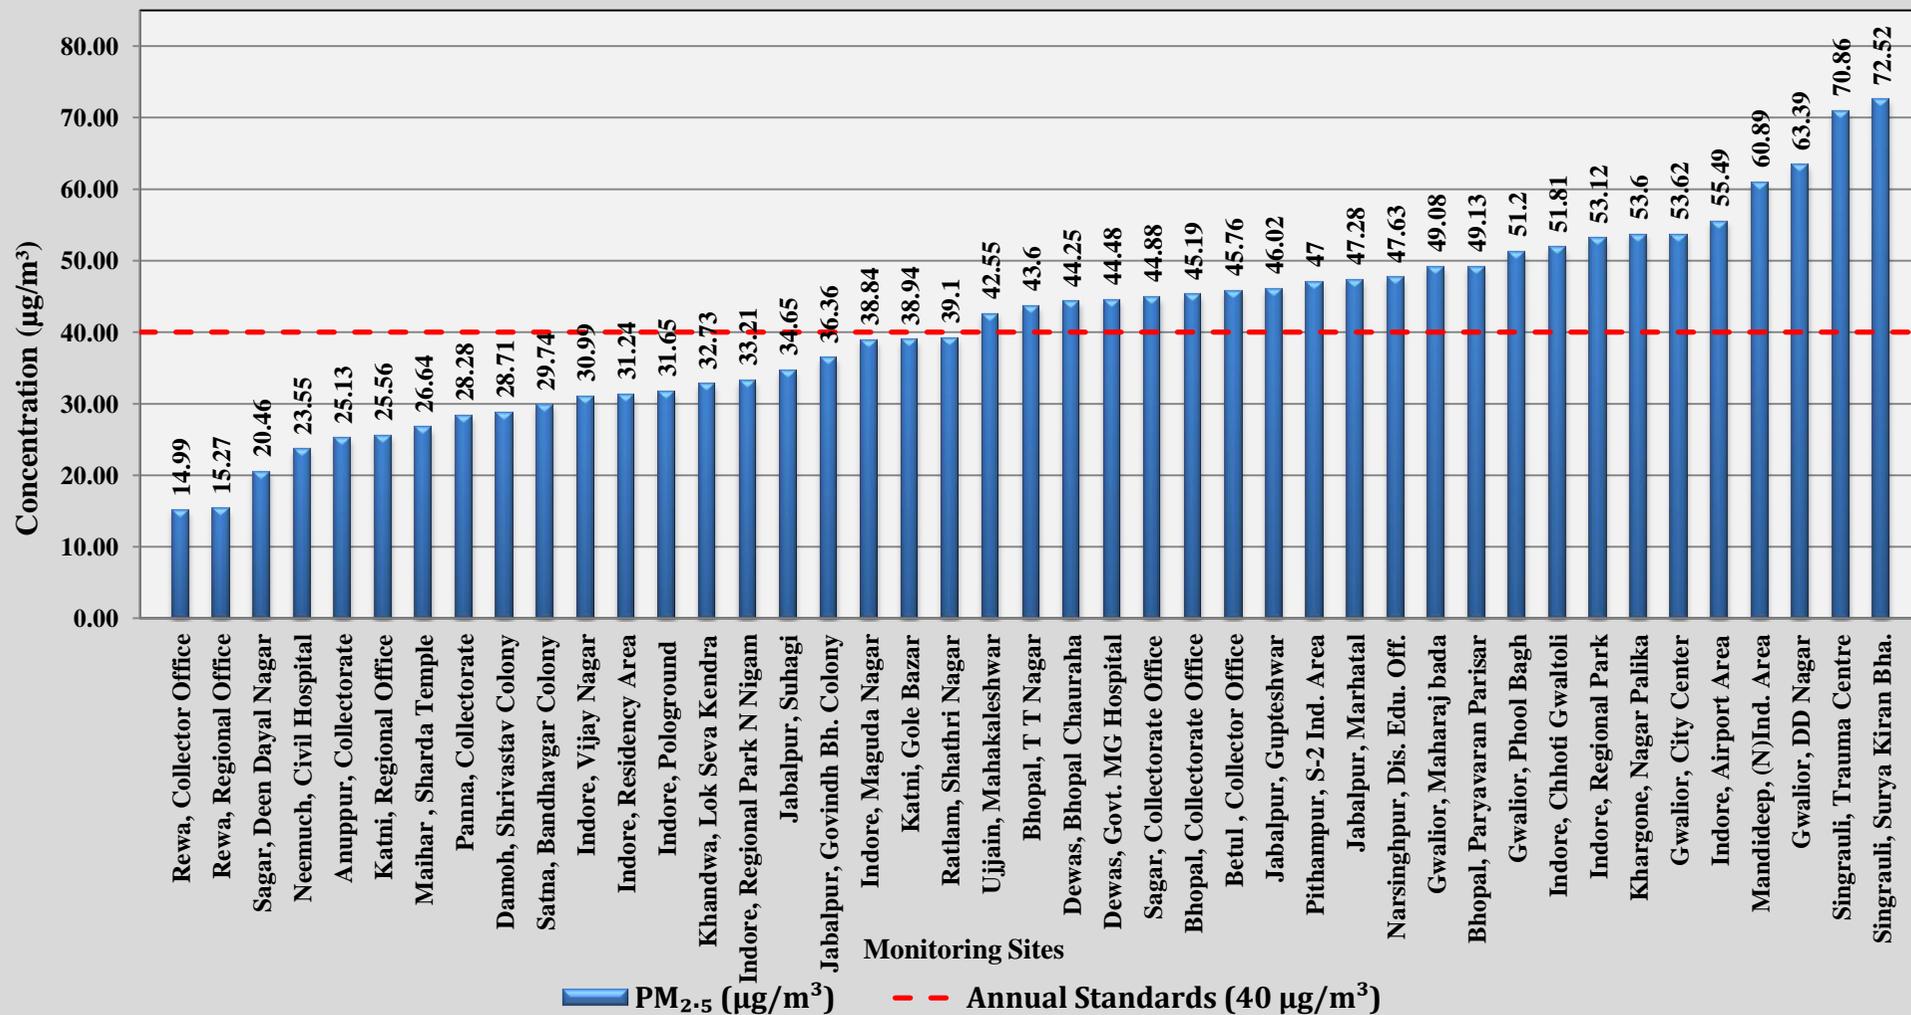

Annual Average Concentration of PM₁₀ (Year-2021)

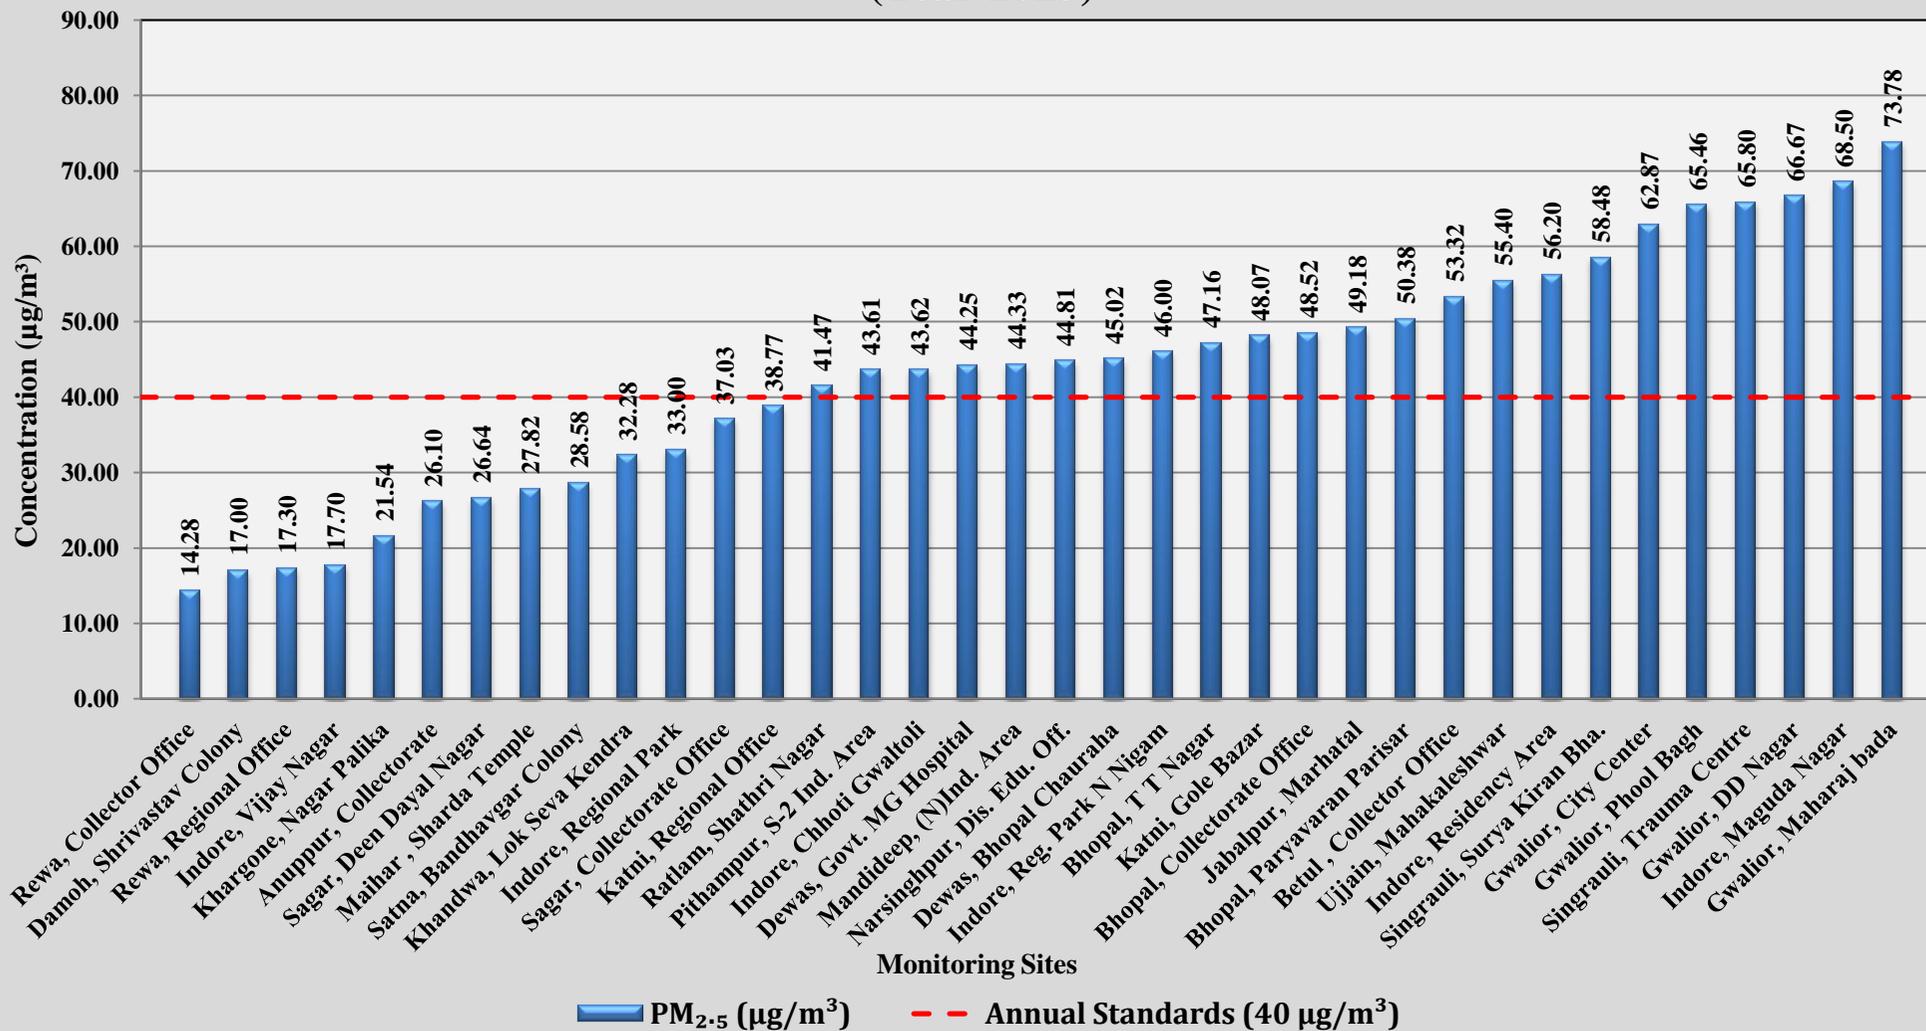

Annual Average Concentration of PM_{2.5} (Year-2025)

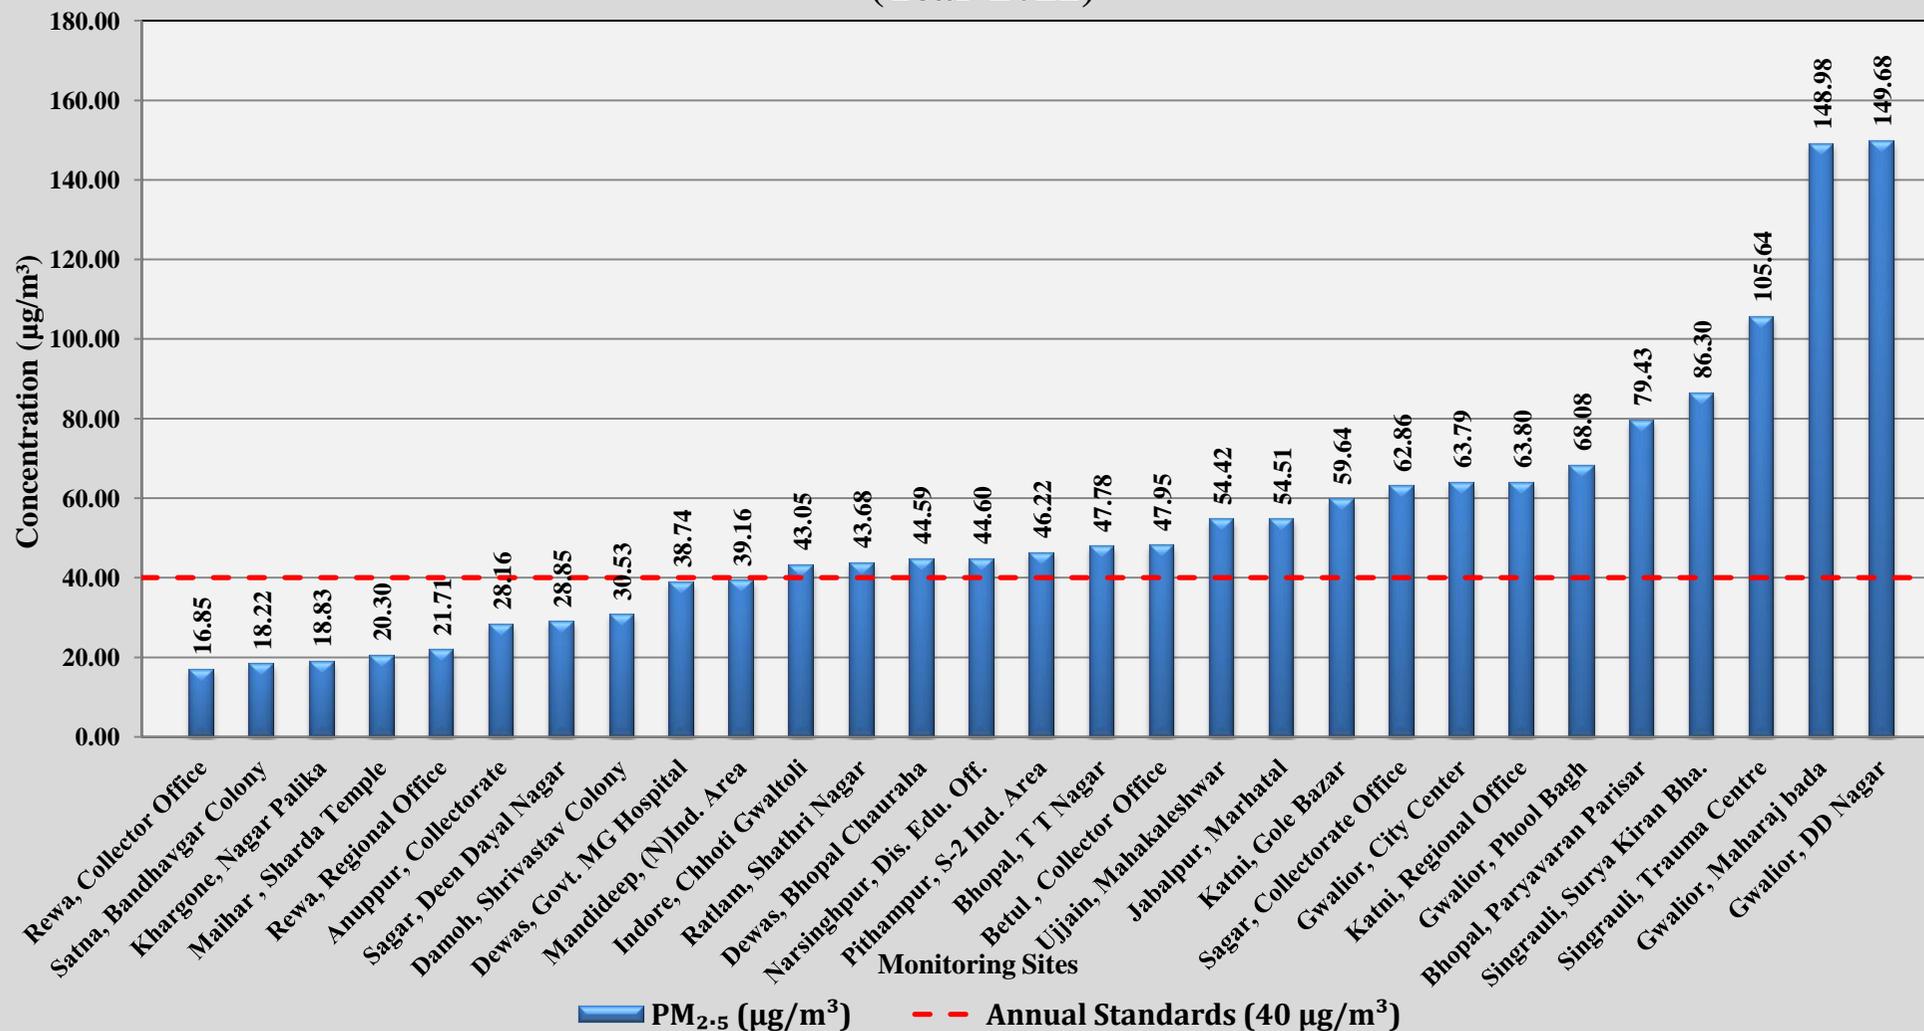

Annual Average Concentration of PM_{2.5} (Year-2024)

Annual Average Concentration of PM_{2.5} (Year-2023)

Annual Average Concentration of PM_{2.5} (Year-2022)

Annual Average Concentration of PM_{2.5} (Year-2021)
